

Castlewood Public Meeting

The public meeting at Castlewood was well attended and had a positive tone.

-16 members of the public attended, including Tim Pogue, the Mayor of Ballwin and Justin Sparks, State Representative from District 110.

-7 state park staff members were present.

Compliments were received regarding the new trestle gate design, the experience in the vehicle-free area beyond the trestle gate, and the overall quality of the parks appearance and maintenance.

Tim Pogue, the Mayor of Ballwin, was impressed with our visitation numbers and low closure figures as compared with previous years. He is very supportive of the park's interest in hosting a managed deer hunt in 2024.
