Looking for fun games and activities to do with your family while camping? Stockton State Park has the solution! A variety of games and activities will be available for your enjoyment in the area near the East Campground playground and at the campground check station Saturday afternoon and evening.

At 12:30, a geocaching expert will give a presentation on how your family can work together to find several geocaches within the park, and at 5 p.m., the Corps of Engineers will provide games pertaining to water safety.

So, join us for some good family fun this Father's Day weekend!

This event is free and open to the public.
