

MISSOURI BECOMES A STATE

Special event
August 10

In August 1821, Missouri officially became a state! That same year, the state seal was designed. All of the elements in the design have meaning to the state's history, as well as the hopes for its future development.

Join us in the Shaw House throughout August to learn the history of the seal and make your own while supplies last.

DATES IN AUGUST:

- 1-4
- 7-11
