Calling all homeschoolers! Mastodon State Historic Site is hosting free Homeschool Hour programs to serve our local homeschool population. Each month, homeschoolers of all ages can join us for fun, educational activities focused on selected park topics. Each program's lesson plan is available upon request via email one week prior to the program. Email our historic site specialist at [Emily.Lange@dnr.mo.gov](mailto:Emily.Lange@dnr.mo.gov) for information about the curriculum. **Registration is required.** Adults must remain with their children. Homeschool Hours will take place inside the museum, located at 1050 Charles J. Becker Drive in Imperial.
