

# MINERALS *make* MISSOURI

## **Felix Vallé House State Historic Site**

In the Shaw House  
200 Merchant St.,  
Ste. Genevieve, Mo.

November 1-30

10 a.m. to 4 p.m., Thursday through Sunday

“Minerals Make Missouri,” a free traveling exhibit from the Missouri State Museum, introduces visitors to the history of mining in Missouri from prehistory to today and explores how minerals are used. Visitors will also learn about the roles played by the Missouri Geological Society and the Missouri Department of Natural Resources in identifying, mapping and using these minerals more sustainably.

For more information, call 573-883-7102.
