

## Dillard Mill State Historic Site

September 24, 2022

Open House 1PM-2PM

- Site Mission
  - Dillard Mill State Historic Site's mission is threefold: 1) to preserve and interpret the last water-powered gristmill in Missouri that has its original grain milling machinery in situ, intact, and in operating condition; 2) to preserve and interpret the changing economic character of the hamlet of (Old) Dillard and those structures associated with it; and 3) to provide quality learning and recreational experiences consistent with management efforts to preserve and protect the site's natural and cultural resources.
