R. SIGNIFICANT PERSON(S)					T. SIGNIFICANCE			
1.					This one story residence is a square shaped home with a hipped roof. A large gabled dormer has a single centered shutter. The dormer is centrally located above the front porch, which is almost the full width of the home. The door is centered in the front of the house and is symmetrically flanked by two 1/1 double-hung windows. The porch's flat roof is supported by wooden columns and is decorated with a wooden railing. The concrete steps are centered directly in front of the front door. The top half of the exterior wall is of wood board paneling and the bottom half is concrete.

R. SIGNIFICANT PERSON(S)				T. SIGNIFICANCE					
1.				This two story romanesque brick school with a hipped roof the building is visually seperated by a square tower with coupled recessed arches on the highest segment is parallel the roof line. Immediately below are another set of coupled arched windows and below that is the large single arched entrance with a stone keystone. Symmetrically spaced groupings of three window openings on both levels. Along the east side of the upper floor four symmetricly placed single window openings. The lowe levels consist of three paired window openings and one single that mimics the upper level. Along the western side on both upper and lower floor there are four sets of paired windows lower level has been covered with vinyl siding.
