Sketch map of location Site No. _____

Section _____ Township _____ Range _____

Indicate the chief topographical features, such as streams and elevations. Also indicate houses and roads. Indicate the site location by enclosing the site area with dotted line. Note scale of map and portion of section included in sketch map. Include drawings, photographs, etc. on additional pages.

Indicate part of section included in sketch map.

Notes:

THIS IS PROBABLY THE ONE MOST IMPORTANT PART OF THIS DATA FORM!

Please Attach **a copy of a topographic map with the site marked on it.**

42. The dwelling is a ca. 1890, 1 1/2-story wood frame Central Passage-double pile plan with a concrete foundation, weatherboard siding, and a gable roof of asphalt shingles. The front has 3 bays and the side has 2 bays. On the main facade is a full porch with a shed roof of asphalt shingles, chamfered wood columns, milled brackets, and an open wood railing with turned wood balusters. Above is a gable roof dormer with milled wood garlands at the eaves. The dormer contains a single light glass and wood door which opens onto a small balcony with chamfered wood posts and a railing of turned wood balusters. The main entrance is a single light glass and wood door with a single light transom. The windows are 6/6 wood sash with working wood shutters on the main facade 1-story and 1/1 and vertical 2/2 wood sash elsewhere. Two shed roof dormers with 2 windows are on the east facade. There is an interior wall brick chimney. On the west facade is a 1-story wood frame addition with gable roof.

43. This dwelling existed prior to the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. This lot is not shown on the 1893/1908/1916/1926 Sanborn maps. This lot was owned by A. Noelker on the 1898 Atlas and 1919 Atlas.

42. The dwelling is a ca. 1940, 1 1/2-story wood frame English Cottage with a concrete foundation, brick veneer, and a gable roof of asphalt shingles. The front has 3 bays and the side has 2 bays. On the main facade is a projected entry bay with a steeply pitched gable roof of asphalt shingles with milled brackets in the eaves, and a concrete landing with wrought iron railing. The main entrance is a wood door with soldier course lintel. The windows are 6/6, 8/8, and fixed multi-light wood sash with soldier course lintels, header course sills, and ornamental wood shutters. There is an exterior wall brick chimney on the south facade. On the west facade is a 1-story wood frame addition with weatherboard siding.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. This lot is not shown on the 1893/1908/1916/1926 Sanborn maps. The house appears to have been built ca. 1940.

42. The dwelling is a ca. 1920, 1 1/2-story wood frame Open Gable plan with a concrete foundation, vinyl siding, and a gable roof of asphalt shingles. The front has 3 bays and the side has 3 bays. On the main facade is a 3/4 porch with a hipped roof of asphalt shingles and wrought iron columns and railing. The main entrance is a multi-light glass and wood door. The windows are 1/1 wood sash. Hipped roof dormers with 2 windows are on the south and north facades. There is a central interior wall brick chimney. On the east facade is a porch with square wood columns and a deck above with open wood railing.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. All of this lot is not shown on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate.

42. The dwelling is a ca. 1925, 1 1/2-story wood frame Bungalow with a concrete foundation, asbestos shingles, and a gable roof of asphalt shingles. The front has 3 bays and the side has 3 bays. On the main facade is a 3/4 porch with a shed roof of asphalt shingles, square wood columns with recessed panels, and an open railing with square wood balusters. The main entrance is a multi-light glass and wood door. The windows are 1/1 wood sash. A shed roof dormer with 3 windows is on the west facade. There is a central interior wall brick chimney.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. All of this lot is not shown on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate.

42. The dwelling is a ca. 1925, 1 1/2-story wood frame Bungalow with a concrete foundation, asbestos shingles, and a gable roof of asphalt shingles. The front has 3 bays and the side has 2 bays. On the main facade is a 3/4 porch with a shed roof of asphalt shingles, square wood columns with recessed panels, and an open railing with square wood balusters. The main entrance is a single light glass and wood door. The windows are vertical 4/1 and vertical 3/1 wood sash. A shed roof dormer with 3 windows is on the east facade. There are interior wall brick chimneys on the south and north facades. A newer exterior wall concrete block chimney is also on the north facade.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. This lot is not shown on the 1893/1908/1916/1926 Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate and Brinker's subdivision.

42. The dwelling is a ca. 1930, 1 1/2-story wood frame Open Gable plan with a concrete foundation, vinyl siding, and a gable roof of asphalt shingles. The front has 3 bays and the side has 3 bays. On the main facade is a 3/4 porch with a hipped roof of asphalt shingles, square wood columns, and a solid wood railing. The main entrance is a multi-light glass and wood door. The windows are vertical 4/1 wood sash. Hipped roof dormers with 1 window are on the south and north facades. There is a central interior wall brick chimney. On the east facades is a wood deck with an open wood railing.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. Nothing is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate.

42. The dwelling is a ca. 1920, 1 1/2-story brick Open Gable plan with a stone foundation and a gable roof of standing seam metal. The front has 3 bays and the side has 2 bays. On the main facade is a 3/4 porch with a hipped roof of standing seam metal, wood Tuscan columns, and an open railing with square wood balusters. The main entrance is a multi-light glass and wood door with a single light transom set within a segmental arch of two course header brick. The windows are vertical 3/1 wood sash set within segmental arches of two course header brick. Shed roof dormers with 2 windows are on the south and north facades. There is an exterior wall brick chimney on the north facade.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. A 1 1/2-story masonry dwelling with a 1-story wood frame garage with attached 1-story outbuilding is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate.

Site Number: 709 (continued)

42. The dwelling is a ca. 1930, 1 1/2-story wood frame Bungalow with a concrete foundation, vinyl siding, and a gable roof of asphalt shingles. The front has 3 bays and the side has 3 bays. On the main facade is a 3/4 porch with a shed roof of asphalt shingles and square wood columns with recessed panels. The main entrance is a multi-light glass and wood door. The windows are 1/1 wood sash. A gable roof dormer with 2 windows is on the west facade. There is a central interior wall brick chimney.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. Nothing is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate.

42. The dwelling is a ca. 1925, 1 1/2-story wood frame Bungalow with a concrete foundation, stucco, and a gable of standing seam metal. In the gable fields are asbestos shingles. The front has 3 bays and the side has 3 bays. On the main facade is a 3/4 bay porch with a shed roof of standing seam metal and wrought iron posts and railing. The main entrance is a multi-light glass and wood door. The windows are 1/1 wood sash. A gable roof dormer with 2 windows is on the east facade. There is a central interior wall brick chimney. On the west facade is a 1-story wood frame addition with a shed roof.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. A 1 1/2-story wood frame dwelling is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. 42. The dwelling is a ca. 1915, 1 1/2-story brick Pyramid Square plan with a stone foundation and a hipped roof of asphalt shingles. The front has 3 bays and the side has 3 bays. On the main facade is a 3/4 porch with a shed roof of asphalt shingles and wood Tuscan columns. The main entrance is a single light glass and wood door with a single light transom. The windows are 1/1 wood sash set within segmental arches of two course header brick. Hipped roof dormers with 3 windows are on the south, north, east, and west facades. There is a central interior wall brick chimney. On the east facade is a deck with open wood railing.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. A 1 1/2-story masonry dwelling with a 1-story wood frame garage and a 1-story wood frame outbuilding is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. 42. The dwelling is a ca. 1915, 1 1/2-story wood frame Pyramid Square plan with a concrete foundation, asbestos shingles, and a hipped roof of asphalt shingles. The front has 3 bays and the side has 3 bays. On the main facade is a 3/4 porch with a shed roof of asphalt shingles, tapered wood columns on brick piers, and a solid brick railing. The main entrance is a single light glass and wood door. The windows are 1/1 wood sash. A hipped roof dormer with 2 windows is on the west facade. There is a central interior wall brick chimney and an interior wall brick chimney on the south facade.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. A 1-story wood frame dwelling with a 1-story wood frame outbuilding is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate.

Site Number: 867 (continued)

42. The dwelling is a 1 1/2-story wood frame open gable with a concrete fourdation, asbestos shingles exterior, and a gable roof of asphalt shingles. The front has 3 bays and the side has 2 bays. On the main facade is a recessed central bay vestibule. The main entrance has a door with an infilled transom. The windows are multi-light and 1/1 wood sash. Most of the basement windows have been infilled with glass block or vents. There is an interior wall brick chimney on the north. On the west is a 1-story wood frame gable roof addition with a shed roof porch with square wood columns and balusters.

43. This dwelling is part of the residential development along High Street which began in the late 1800's when the street was the western edge of Washington. A 1 1/2-story wood frame stable associated with Site 868 is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. According to the atlas, it was owned in 1919 by Fritz Grunneker.

43. This dwelling was built ca. 1930, according to the present owners Garry and Elizabeth Manhart. It was a general store called High Street Market in the late 1930s and 40s. In the 1960s, it was called Tom's Furniture Hospital Repair. It may have had a saloon in the basement, and was a restaurant in the 1950s and 60s.

42. The dwelling is a 11/2-story wood frame open gable with a concrete foundation, asbestos shingles exterior, and a cross gable roof of asphalt shingles. The front has 3 bays and the side has 2 bays. On the main facade is an extended asymmetrical entry bay with a gable roof. The main entrance has a newer multi-light glass and wood door with an awning. The windows are 1/1 wood sash with awnings on the south and west. There is a central interior wall brick chimney.

43. This dwelling is part of the residential development along High Street which began in the late 1800's when the street was the western edge of Washington. Nothing is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. A building is shown at this location on the 1915 Water Works Improvements Map. According to the 1919 atlas, it is on Lot 6, Block 1 of the T. J. Smith Subdivision.

42. The dwelling is a 1 1/2-story wood frame gabled ell with a stone foundation, asbestos shingles exterior, and an intersecting gable roof of standing seam metal. The front has 2 bays and the side has 2 bays. On the main facade is an other bay porch with a hipped roof of standing seam metal, square wood columns, and an open railing with square wood balusters. The main entrance has a single light glass and wood door with a single light transom. The windows are 1/1 wood sash with awnings on the north, east, and west. A wood stair and landing leading to a 1/2-story entrance with a single light glass and wood door and an awning are on the south.

43. This dwelling is part of the residential development along High Street which began in the late 1800's when the street was the western edge of Washington. This lot is not shown on the 1893/1898/1908/1916/1926 Sanborn maps. A building is shown at this location on the 1915 Water Works Improvements Map. According to the atlas, it was owned in 1919 by F. Conrad.

42. The dwelling is a 1 1/2-story wood frame English cottage with a concrete foundation, brick veneer, and a gable roof of asphalt shingles. The front has 3 bays and the side has 3 bays. On the main facade is an extended gable roof entry bay and a concrete landing with wrought iron railing. The main entrance has an elliptical single light glass and wood door set within a segmental stone arch. The windows are 6/6 wood sash and multi-light fixed wood sash. There is a central interior wall brick chimney.

43. This dwelling is part of the residential development along High Street which began in the late 1800's when the street was the western edge of Washington. This lot is not shown on the 1893/1898/1908/1916/1926 Sanborn maps.

42. The dwelling is a 1 1/2-story brick gabled ell with a stone foundation, 7-course common bond exterior, and an intersecting gable roof of asphalt shingles. The front has 4 bays and the side has 3 bays. On the main facade is an other bay porch with a hipped roof of asphalt shingles, turned wood columns, wood fan brackets, and an open railing with turned wood balusters. The main entrances have single light glass and wood door with a single light transoms set within segmental arches of 2-course header brick. The windows are 1/1 wood sash with ornamental wood shutters and are set within segmental arches of 2-course header brick. A gable roof dormer with 1 window and asphalt shingles exterior is on the south. There is an interior wall brick chimney on the north. On the west is an old 1-story brick gable roof addition and a shed roof porch with square wood columns and lattice railing.

43. This dwelling is part of the residential development along High Street which began in the late 1800's when the street was the western edge of Washington. This lot is not shown on the 1893/1898/1908/1916/1926 Sanborn maps. A building is shown at this location on the 1915 Water Works Improvements Map. According to the atlases, it was owned in 1898 by M. C. Boland and in 1919 by J. H. Boland.

Site Number: 856 (continued)

42. The dwelling is a 1 1/2-story wood frame open gable with a concrete foundation, vinyl siding, and a gable roof of asphalt shingles. The front has 3 bays and the side has 2 bays. On the main facade is a 3/4 porch with turned wood columns. The main entrance has a multi-light glass and wood door. The windows are 1/1 aluminum sash. Shed roof dormers with 1 window (used to be 2) are on the south and north. There is a central interior wall brick chimney. On the south is a 'hanging' door where a porch stair has been removed.

43. This dwelling is part of the residential development along High Street which began in the late 1800's when the street was the western edge of Washington. This lot is not shown on the 1893/1898/1908/1916/1926 Sanborn maps. According to the 1919 atlas, it is part of the J. H. Lefman Estate.

Site Number: 1017 (continued)

42. Two-story brick dwelling with a shed roof wing on the rear facade. On the main (E) facade is a central entrance with a ca. 1930 glass and wood door. Over the door is a three-light rectangular transom set within a single-course segmental arch. Windows are 6/6 rectangular wood sash set within segmental arches. The exterior is of five-course common bond brick and there are two interior wall brick chimneys. At the roofline is a corbelled brick cornice with dentils. The (S) and (N) facades of the roofline have raised parapets.

43. This brick dwelling is not shown on the 1915 Waterworks map but appears to have been built ca. 1850. The dwelling appears to be on the 1869 Bird's Eye View and is shown on the 1878 atlas as owned by J. Esselbruege.

45. 1869 Bird's Eye View; 1878 Atlas; 1915 Waterworks map.

42. The dwelling is a ca. 1860, 1 1/2-story brick structure with a stone foundation, 6-course common bond exterior, and a gable roof of asphalt shingles. The front has 3 bays and the side has 2 bays. On the main facade is an other bay porch 'ghost'. The main entrance has a single light glass and wood door with a multi-light transom set within a segmental soldier course arch. The windows are 6/6 wood sash set within segmental soldier course arches. Two shed roof dormers with two 1/1 wood sash windows are on the north. There is a central interior wall brick chimney. On the south is a 1-story brick addition with gable roof and a shed roof porch with wrought iron posts.

43. This dwelling is part of the residential development around Stafford Street which began in the early 1800's when the street was the western edge of Washington. A 1 1/2-story masonry dwelling with a 1-story wood frame outbuilding is shown on this lot on the 1926 Sanborn map. The east addition is not on the 1916 Sanborn map. This lot is not shown on the earlier Sanborn maps. A building is shown at this location on the 1869 Bird's Eye View and on the 1915 Water Works Improvements Map. According to the atlases, it is part of the Schmidt's addition.

42. The dwelling-duplex is a 2 1/2-story brick structure with a brick foundation, 6-course common bond exterior, and a gable roof of asphalt shingles. The front has 3 bays and the side has 3 bays. On the main facade is a other bay 2-story porch with a shed roof of asphalt shingles, square wood columns, and open railings with square wood balusters. The 1-story main entrances have multi-light glass and wood doors with single light transom. The windows are 6/6 and vertical 2/2 wood sash. There are 3 interior wall brick chimneys on the south and 2 on the north. On the west is a 2-story wood frame addition with weatherboard exterior attached to an original brick wall on the north.

43. This lot is not shown on the 1893/1898/1908/1916/1926 Sanborn maps. A building is shown at this location on the 1915 Water Works Improvements Map. According to the atlases, it was owned in 1898 by Mrs. Engeline Horn and in 1919, it was part of Frank Stumpe's Estate.

42. The dwelling-duplex is a ca. 1915, 1 1/2-story wood frame Open Gable plan with a concrete foundation, asbestos shingles, and a gable roof of standing seam metal. The front has 4 bays and the side has 3 bays. On the main facade is a 3/4 porch with a hipped roof of standing seam metal and wrought iron posts and railing. The 2 main entrances are single light glass and wood doors. The windows are vertical 2/2 and 1/1 wood sash. Hipped roof dormers with 2 windows are on the east and west facades. There is a central interior wall brick chimney. On the east facade is a 2nd story shed roof porch over a concrete patio.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. This lot is not shown on the 1893/1908/1916/1926 Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Frank Stumpe estate.

42. Two-story frame American Foursquare. On the main (E) facade is a single bay, one-story entry porch with ca. 1960 wrought iron columns. The main entrance has a ca. 1960 glass and wood door. Windows are ca. 1960 2/2 horizontal sash and the original window openings have been shortened. The house has an interior wall brick chimney. At the roofline is a hipped dormer with paired 1/1 sash windows and a surface of metal standing seam.

43. This dwelling appears to have been altered during the early 20th century and also altered ca. 1960. The dwelling is shown on the 1893 Sanborn map and on later maps. In 1919 the property is shown as occupied by George Lattman.

42. Two-story frame commercial building built in a Gable Front plan. On the (S) facade is a one-story ca. 1950 concrete block addition. The original section retains an original storefront with a single light glass and wood door. The entrance is recessed and flanked by display windows resting on framed bulkheads. Over the door and display windows are rectangular transoms. Across the front of the building is a two-story porch. The first story retains square columns, the second story has square columns and a railing with square balusters. Leading to the second story porch is a multi-light glass and wood door. Windows are 3/1 vertical light sash. In the gable field are paired 3/1 sash windows.

43. This commercial building was constructed ca. 1930 and is not shown on the 1926 Sanborn map.

Site Number: 778 (Continued)

42. Two-and-one-half story Second Empire dwelling of brick construction built 1887-1888. The rear section may date ca. 1855 and the 1887-88 section built on its main facade. The house was built in an asymmetrical plan with a brick and stone foundation, mansard roof of slate shingles, and exterior of brick construction. On the main (E) facade is a one-story full width porch. The porch appears added ca. 1915 with paired square Doric columns on brick piers. At the porch eaves are dentils. The entrance has original single light and single panel double doors with an arched transom. The transom has a single light, etched with a "B". Three border glass lights are in the corners of the transom. Windows are paired 1/1 sash windows set within segmental arches. At the roofline are pedimented three dormers. Two dormers have double 1/1 sash windows, arched at the top sash. Pilasters separate and flank the windows. The central dormer is within a central pavilion with a pyramidal roof. At the roofline are brackets and modillion blocks. An original wing on the north facade is 2 stories in height with a brick foundation and is slightly recessed from the main body of the building. A one-story brick addition stretches across the rear facade. This addition was added ca. 1960.

42. This imposing dwelling was built ca. 1887-1888 by John Baptiste Busch. Busch was born in 1832 in Germany and came to America in 1849. He settled in Washington in 1855 and established a brewery. John B. Busch was an older brother of Adolphus Busch who founded the Anheuser-Busch brewery. In 1887, Busch began construction of this two-story brick dwelling adjacent to his brewery. Busch operated the brewery and resided in this dwelling until his death on April 16, 1894. The house remained in the possession of the Busch family for a number of years. In 1945 it was purchased by the local chapter of Veterans of Foreign Wars Post 2661 which still occupies the building.

42. Two-and-one-half story Second Empire dwelling of brick construction built 1887-1888. The house was built in an asymmetrical plan with a brick and stone foundation, mansard roof of slate shingles, and exterior of brick construction. On the main (E) facade is a one-story full width porch. The porch appears added ca. 1915 with paired square Doric columns on brick piers. At the porch eaves are dentils. The entrance has original single light and single panel double doors with an arched transom. The transom has a single light, etched with "B". Three border glass lights are in the corners of the transom. Windows are paired 1/1 sash windows set within segmental arches. At the roofline are pedimented three dormers. Two dormers have double 1/1 sash windows, arched at the top sash. Pilasters separate and flank the windows. The central dormer is within a central pavilion with a pyramidal roof. At the roofline are brackets and modillion blocks. An original wing on the north facade is 2 stories in height with a brick foundation and is slightly recessed from the main body of the building. A one-story brick addition stretches across the rear facade. This addition was added ca. 1960.

42. This imposing dwelling was built ca. 1887-1888 by John Baptiste Busch.[1] Busch was born in 1832 in Germany and came to America in 1849. He settled in Washington in 1855 and established a brewery. John B. Busch was an older brother of Adolphus Busch who founded the Anheuser-Busch brewery. In 1887, Busch began construction of this two-story brick dwelling adjacent to his brewery. Busch operated the brewery and resided in this dwelling until his death on April 16, 1894. The house remained in the possession of the Busch family for a number of years. In 1945 it was purchased by the local chapter of Veterans of Foreign Wars Post 2661 which still occupies the building.

Sketch map of location Site No. _____

Section _____ Township _____ Range _____

Indicate the chief topographical features, such as streams and elevations. Also indicate houses and roads. Indicate the site location by enclosing the site area with dotted line. Note scale of map and portion of section included in sketch map. Include drawings, photographs, etc. on additional pages.

Indicate part of section included in sketch map.

Notes:

THIS IS PROBABLY THE ONE MOST IMPORTANT PART OF THIS DATA FORM!

Please Attach **a copy of a topographic map with the site marked on it.**

42. Two-story frame I-House dwelling built ca. 1890. The house has a stone foundation, gable roof of asphalt shingles, and exterior of asbestos shingles. On the main (W) facade is a two-story partial width porch with chamfered columns resting on ca. 1925 brick piers. The porch has wood brackets at the eaves. Windows are 1/1 sash with pedimented window hoods and louvered shutters. The main entrance has an original single light glass and wood door. The rear facade has been altered with several additions including a shed roof dormer and enclosed stairwell.

43. This dwelling was built ca. 1890 as a residence. In recent years it has been converted into an office building and several additions have been added at the rear. The building is not shown on any city maps.

42. One-story, central-passage plan frame dwelling built ca. 1870. The house is remarkably unaltered and has five bays on the main facade. The main (W) facade has a single bay entry porch with chamfered columns, a spindled frieze, and milled panels. The main entrance has a two panel wood and single light glass door with border glass. Over the door is a single light transom and the door has an original screen door. Windows are 1/1 rectangular wood sash with original louvered shutters. The house has a gable roof of metal standing seam, weatherboard siding, and four interior wall brick chimneys. At the rear facade is a full width shed porch. Doors on the rear facade are original glass and wood design. In the gable fields are wood shingles. Adjacent to the house is a frame privy and board and batten shed.

43. This dwelling was constructed ca. 1870 and replaced an earlier log house on this site. The log building was a meeting place for the Catholic congregation and adjacent is the Catholic cemetery. The dwelling is shown on the 1878 map as owned by M. Steuterman and is part of a 44 acre farm. The 1898 atlas shows the same 44 acres as owned by John Voss. The house has been vacant for several decades and is located at the corner of Jefferson Street and Highway 100. The house is endangered by commercial development.

45. Interview with Ralph Gregory, 1878 and 1898 Atlas'.

42. The dwelling is a ca. 1925, 1 1/2-story wood frame bungalow with a concrete foundation, weatherboard siding and stucco, and a gable roof of asphalt shingles. The front has 2 bays and the side has 3 bays. On the main facade is a 1/2 incised porch with a tapered wood column on a brick pier, and a solid wood railing. The main entrance is a multi-light glass and wood door. The windows are 1/1 wood sash. An awning is over the north side entrance. Gable roof dormers with 3 windows are on the south and north facades. There is a central interior wall brick chimney.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. This lot is not shown on the 1893/1908/1916/1926 Sanborn maps. The house was built ca. 1925 as the residence for Josephine Wellenkamp, a widow, and her daughter Olivia. Olivia married August Amos in 1940 and they resided here with her mother. Mrs. Wellenkamp died in 1969 at age 85. The house has since had several owners.

Site Number: 521 (continued)

42. The dwelling is a ca. 1930, 1 1/2-story wood frame English cottage with a concrete foundation, wire brick veneer, and a gable roof of asphalt shingles. On the main facade is a stone and concrete patio with a wrought iron railing added ca. 1960. The front has 3 bays and the side has 2 bays. The main entrance is an elliptical wood paneled door with a round light. Adjacent to the door is a small elliptical window with a stained glass light. The entrance is located in a projecting full height bay which has a steeply pitched roof. The north bay has doors of multi-light design. The windows are 6/6 wood sash with soldier and sailor course surrounds and lintels. Two shed roof dormers with 1 window each are on the east facade. There is an exterior wall brick chimney on the north facade.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. The original owner was a Mr. Lange. Subsequent owners include Henry Hartbauer and Herb Nolting. For the last 31 years, the owners have been Fred K. and Frances Cassette. Nothing is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps.

42. The dwelling is a ca. 1930, 1 1/2-story wood frame bungalow with a concrete foundation, brick veneer, and a gable roof of asphalt shingles. The front has 3 bays and the side has 3 bays. An extended bay window with exposed rafters is on the south facade. On the main facade is a full porch with a shed roof of asphalt shingles, tapered wood columns on brick piers, and a solid brick railing. The main entrance is a multi-light glass and wood door with a soldier course brick lintel. The windows are vertical 3/1 light wood sash with soldier course brick lintel and header course brick sills. A stoop is over an entrance on the south facade. A gable roof dormer with 3 windows and exposed rafters is on the east facade.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. Nothing is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps.

42. The dwelling is a ca. 1915, 1 1/2-story wood frame Pyramid Square plan with a stone foundation, asbestos shingles, and a hipped roof of standing seam metal. The front has 3 bays and the side has 4 bays. On the main facade is a 3/4 porch with a shed roof of standing seam metal, square wood columns will milled details, and screened panels and door. The main entrance is a single light glass and wood door with a single light transom. The windows are 1/1 wood sash. Hipped dormers with 3 windows, metal siding, and milled wood details are on the east and west facades. There is an interior wall brick chimney on the north facade.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. A 1 1/2-story wood frame dwelling with a 1-story wood frame garage is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate.

42. The dwelling is a 1 1/2-story wood frame structure with a stone foundation, aluminum siding, and a gable roof of standing seam metal. The front has 5 bays and the side has 2 bays. On the main facade is a central bay porch with a hipped roof of asphalt shingles, turned wood columns, and a wrought iron railing. The main entrances have single light glass and wood doors. The windows are 1/1 aluminum sash. On the south is a 1-story wood frame addition with a concrete foundation and a gable roof of asphalt shingles.

43. This dwelling is part of the development along Fifth Street which began in the early 1800's when it first became a major east/west thoroughfare in Washington. A 1 1/2- and 1-story wood frame dwelling with a 1 1/2-story wood frame stable and a 1-story masonry garage is shown on this lot (as 507 Klingsick Lane) on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. A building is shown at this location on the 1915 Water Works Improvements Map. According to the atlas, it was owned in 1919 by John Straatmann.

Site Number: 918 (continued)

42. The dwelling is a 2 1/2-story wood frame structure with a concrete foundation, vinyl siding, and a gable roof of asphalt shingles. The front has 3 bays and the side has 3 bays. One-story extended octagonal bays are on the north and east. Above them is an offset octagonal tower. On the main facade is a full porch with a hipped roof of asphalt shingles, a gable roof over the southern bay, wood Tuscan columns, and an open railing with turned wood balusters. The main entrance has a single light glass and wood door. The windows are 1/1 wood sash. There is a central interior wall brick chimney. On the south is a 1-story wood frame addition with a deck above.

43. This dwelling is part of the development around Fifth Street which began in the early 1800's when it first became a major east/west thoroughfare in Washington. This lot is not shown on the 1893/1898/1908/1916/1926 Sanborn maps. A building is shown at this location on the 1915 Water Works Improvements Map. According to the atlas, it was owned in 1919 by P. Gildhause.

42. One-and-one-half story frame dwelling built in 1906. The house has a stone foundation, gable roof of metal standing seam, and weatherboard siding. The house was built in a Gabled Ell plan and the porch has chamfered columns. Two entrances are on the main facade and have three panel single light glass and wood doors and single light transoms. Window openings have been covered with added wood shutters. The house has an interior brick chimney. A side wing was added ca. 1920 with vertical board siding. At the rear is a shed roof porch which has been enclosed.

43. This dwelling was built by Benjamin Tiemann in 1906 after his purchase of one hundred acres from the McLean Estate. He died in 1908 and his wife, Veronica, operated the farm for many years. The farm was sold to the city by Mrs. Tiemann in 1948 and it became the city park. The house is presently used by the parks and recreation department.

42. Two-story frame dwelling. On the main (E) facade is a partial width shed porch with square columns and a railing with square balusters. The main entrance has a ca. 1960 glass and wood door. Windows are 1/1 rectangular wood sash. On the main facade is a large window with a diamond light design in the upper sash. The house has a prominent gable wall dormer and interior brick and concrete chimney. At the eaves are prominent eave returns.

43. This frame dwelling was built ca. 1918. No building is shown on this lot on the 1916 Sanborn Map but it appears on the 1926 map. The dwelling appears to have been built ca. 1918 and the lot is shown as owned by J.W. Boley on the 1919 atlas.

Site Number: 1023 (continued)

42. 1 1/2 story brick dwelling with an exterior of five-course common bond brick. On the main (W) facade is a ca. 1920 gable roof one-story partial width porch with square posts and railing with square balusters. The main facade has two entrances with original four-panel doors. Over the doors are rectangular three-light transoms. Windows are rectangular 2/2 sash set within segmental arches. The house has stepped parapet walls with four interior wall brick chimneys. At the roofline is a corbelled brick cornice with dentils.

43. This brick dwelling appears to have been constructed ca. 1860 and has not been extensively altered. The dwelling appears to be on the 1869 Bird's Eye View and is shown on the 1915 Waterworks map and on the 1919 atlas the dwelling is owned by R. Freehman.

45. 1869 Bird's Eye View; 1915 Waterworks map; 1919 atlas.

42. The (N) section of this dwelling appears built ca. 1880 and is of five-course common bond brick. This dwelling was altered into its present Bungalow form with the addition of the (S) brick section ca. 1920. The original section has an original single light glass and wood door on the (N) facade. Windows are 6/6 rectangular wood sash set within segmental arches. The main entrance on the (E) facade is located in the ca. 1920 wing and has a multi-light glass and wood door. Windows in this section are 3/1 vertical light sash. At the roofline is a shed dormer with two sets of paired 6/1 sash windows. The porch on the (E) facade has a tapered frame post on a brick pier and a wrought iron railing added ca. 1970.

43. The original section of this dwelling was built ca. 1880 and the dwelling was enlarged ca. 1920. The house is shown on the 1915 Waterworks map and was occupied by Frank Hustermann on the 1919 atlas.

45. 1915 Waterworks map and 1919 atlas.

Site Number: 1062 (continued)

42. 1 1/2 story brick veneer Bungalow. On the main (W) facade is a one-story full width incised porch. The porch has brick piers and a solid brick railing. The main entrance has a ca. 1970 paneled wood door. The main facade has ca. 1970 large picture windows. At the roofline is a gable dormer with three 4/1 vertical sash windows. Other windows are 4/1 vertical light sash. At the eaves are knee brace brackets. On the (N) facade are paired stained glass windows.

43. This dwelling was built ca. 1930 and was built after MacArthur Street was laid out in the late 1920s.

Site Number: 1065 (Continued)

42. Two-story brick and stucco Tudor Revival dwelling built ca. 1930. The house has an exterior wall stone and brick chimney, and multi-colored slate roof. On the main (W) facade is a one-story projecting bay with a Tudor arch enclosing the main entrance. The entrance has a multi-light glass and wood door. Windows are 4/4 and 8/12 wood sash. In the upper facade is an exterior of stucco and half-timbering. In the gable of the main facade is an oriel window with three 4/4 sash windows. On the north and south facades are shed dormers. On the south facade is an enclosed sun porch with arched openings.

43. This dwelling was built ca. 1930 and is one of the largest Tudor Revival dwellings in Washington. The house was built following the platting and subdivision of MacArthur Street in the late 1920s.

42. 1 1/2 story brick dwelling with an exterior of five-course common bond brick. On the main facade is an entrance with an original single-light glass and wood door. Over the door is an enclosed transom set within a single course segmental arch. Windows are 6/6 rectangular wood sash set within segmental arches. The dwelling has an exterior wall brick chimney and an original standing seam metal roof. On the south facade is a one-story ca. 1930 lateral wing with a multi-light door and 3/1 vertical sash windows.

43. This brick dwelling was built ca. 1880 and is shown on the 1915 Waterworks map. When built, this lot was on the eastern edge of Washington.

42. Two-story brick, central hall, Greek Revival influenced dwelling built ca. 1838. The house has interior wall brick chimneys and an exterior of 5 course common bond brick. On the main (N) facade is a one-story porch added ca. 1910 with chamfered porch columns and added screen panels. At the roofline is a balustrade with square balusters. The main entrance has a ca. 1920 multi-light glass and wood door. The entrance has original four-light sidelights and an eight-light transom. Over the door is a wood lintel. Windows are original 6/6 rectangular wood sash with wood sills and lintels. At the roofline is a corbelled brick cornice. At the rear is a long brick ell built in two different stages. The original ell was built ca. 1838 and has ca. 1880 and ca. 1900 glass and wood doors and three-light rectangular transoms. Over two of the doors are jack arches. The later ell section was built ca. 1850 and has a large opening on the east facade filled in with brick. This opening appears to have been to accommodate a carriage or stable. The rear facade of the dwelling has two ca. 1910 wood porches. A garage door has been added on the west facade of the rear ell. The west facade of the main section has an original two panel wood door with five-light sidelights and a four light transom.

43. The Lucinda Owens House was built ca. 1838 on the bluff overlooking the Missouri River. Lucinda Owens was the wife of Washington founder William Owens who died in 1834. Following settlement of her husband's estate, Mrs. Owens subdivided part of her lands to lay out the town of Washington. She built this dwelling around 1838-39 when in the midst of platting the city. She lived at this dwelling until her death in 1860. The house has since had a number of owners and the present owners, Walter and Linda Larson, are

converting the dwelling to a bed and breakfast. The house meets National Register criteria A and C for Settlement and Architecture.

42. Two-story Gable Front bungalow built ca. 1925. The first story is of concrete and flagstone construction. The second story has a stucco exterior. On the main (S) facade is an incised porch with corner square stone and concrete columns. The main entrance has a multi-light glass and wood door. Windows are 1/1 rectangular wood sash. In the gable field is half-timbering. On the west and east facades are shed dormers.

43. This dwelling is not shown on the 1915 Waterworks map and appears to have been built ca. 1925.

Site Number: 524 (Continued)

42. Two-story frame Eastlake influenced residence built ca. 1895. The house has a stone foundation, gable roof of metal standing seam, interior brick chimneys, and exterior of metal siding. On the main (N) facade is a one-story side porch with milled columns, a railing with cut-out panels, and frieze with rectangular panels. Above the porch is a balustrade of milled panels. The main entrance has a paneled glass and wood door. Windows are 1/1 rectangular wood sash with pedimented window heads. At the eaves are vergeboard panels in garland designs. At the west facade is a one-story kitchen wing of brick built ca. 1880.

43. The rear brick section of this dwelling is believed to have been built ca. 1880 by John and Susanna Degan. The property was purchased in 1895 by Upton L. Weirick who built the main section of the house. Weirick was an official with the H. Tibbe and Son Manufacturing Company and owned the house until 1923. In 1923, the property was sold to Frank Hoelscher who also worked with the Tibbe Manufacturing Company. During the 1940s and 1950s the Hoelschers took in boarders from the nearby International Shoe Company. The present owners are Joyce Hoelscher Sibole and Don Sibole. Joyce was born in the house and is the granddaughter of Frank Hoelscher. The house has been converted into both a residence and bed and breakfast establishment.

42. One-story frame Gable Front dwelling built ca. 1920. The house has aluminum siding and an interior brick chimney. On the main (S) facade is a single bay gable porch with ca. 1960 wrought iron columns. The main entrance has a multi-light glass and wood door. Windows are 6/1 rectangular wood sash. On the west facade is a shed dormer with paired sash windows.

43. The house is not shown on the 1915 Waterworks map. It was built in 1935, according to the present owners Joe and Margaret Holtmeier. The original owners were Henry and Olivia Stuesse.

45. Owner.

Site Number: 633 (continued)

42. One-story frame dwelling built ca. 1900. On the main (S) facade is a single light glass and wood door and ca. 1920 frame stoop. Over the door is a 3-light rectangular transom. Windows are original 6/6 rectangular wood sash. The house has an interior brick chimney. At the rear is an incised one-story porch.

43. This dwelling was built ca. 1900 and the lot is shown as owned by Mrs. D. Fullington on the 1898 city atlas.

NOTE: According to the owner, Dorothy Stumpe, the dwelling may date to ca. 1855. Alterations to the exterior have been extensive and make accurate determination of age difficult.

42. Two-story brick Italianate dwelling built in 1879. The house has interior brick chimneys and an exterior of 5-course common bond brick. On the main (N) facade is a one-story full width porch added ca. 1970 with square columns. The main entrance has a ca. 1970 glass and wood door and added Colonial Revival designed surround. Windows are 1/1 and 2/2 arched wood sash. Most windows are set within two course segmental arches. On the main facade second story are paired semi-arched windows divided by a central pilaster. This pilaster is fluted with a bull's eye block. On the east facade is a one-story bay window. At the rear is an original one-story bay window. At the rear is an original one-story brick ell and added ca. 1960 frame section and carport. The interior has been altered due to a fire and subsequent remodeling.

43. This house was built in 1879 by George D. Barnes, a prominent Washington businessman. Barnes was one of the stockholders in Washington's first telephone companies in the 1880s. The property is shown as owned by George D. Barnes on the 1898 and 1919 City Atlases and was in the Barnes family until 1945. Since then in the family of the owner.

42. Two-story frame dwelling. On the main (N) facade is a partial width one-story shed porch with original milled columns and a railing with square balusters. The porch has a spindled frieze and eave brackets. The main facade has two entrances with single light glass and wood doors. Windows are rectangular 2/2 wood sash with added shutters. The (S) or rear facade has a two-story porch with original chamfered columns and a railing with square balusters. Doors on this facade are also two- and single light glass and wood design. On the (W) facade is a ca. 1960 brick flue.

43. This dwelling was built ca. 1900 by the Fille family and was the center of a small farm. The house was built on the bluff overlooking the Missouri River. The house is presently owned by the Ladd family.

42. One-story T-Plan brick school building built in 1942. The school is of stretcher bond brick construction. The main entrance has original double doors of 8-light glass and wood design. Flanking the entrance are two small 4/4 rectangular wood sash windows. Other windows are 4/4 and 6/9 rectangular wood sash with brick sills. The basement level has 3-light and 2/2 horizontal sash windows. At the roofline are gable returns and a soldier course belt course. The interior retains original blackboards and floor plan. The northwest facade is connected to the pool house of the Feltmann House.

43. The Attucks School was built as the city's black school in 1942 and used by the black community until desegregation. It was then used as a school for special education students until the late 1960s. The Feltmann's purchased the house in 1968-69. They added to their house by connecting with the school in 1981. The school is now used for storage.

42. 1 1/2-story brick Single-Pen dwelling built ca. 1850. The house appears to have been built in a 3-bay single pen design ca. 1850 and one east 2-bay wing added soon after. The house has an exterior of 5-course common bond and 4 interior wall chimneys. The main entrance has a single light glass and wood door added ca. 1920. Over the door is a narrow single light transom. Windows are original 6/6 rectangular wood sash with wood sills and jack arches. At the eaves are brick dentils. At the roofline is a gable dormer with a ca. 1920 4/1 vertical light sash window.

43. This dwelling was built ca. 1850 and is located in the original town plat of Nierstein. This area is not covered by Sanborn maps but is shown as owned by F.L. Ehlenbeck on the 1919 City Atlas.

Site Number: 754 (Continued)

42. One- and one-half story brick dwelling. The main (E) facade has two bays. Window on first floor is rectangular 2/2 sash and in the gable field is a 1/1 sash window set in a segmentally arched opening. Ca. 1970 louvered wood shutters are at the windows. The main entrance has a ca. 1960 six-panel front door. The gable roof has a surface of asphalt shingles. The main facade has a single bay porch and is gabled supported by two square wood columns. The side facades have 1/1 sash windows set in segmentally arched openings. Brick corbelling is at the roofline with brick dentils. Two gabled dormers at the roofline have 1/1 sash windows. The building originally faced south, a door has been bricked in. At the north facade, a frame shed one-story addition has been added ca. 1950.

43. This dwelling appears to have been built ca. 1870. In recent years it has been altered with a different orientation. It is shown on the 1915 Waterworks map.

42. The dwelling is a 1 1/2-story brick hall and parlor with a stone foundation, 6-course common bond exterior, and a gable roof of asphalt shingles. The front has 5 bays and the side has 2 bays. On the main facade is an other bay porch with a hipped roof of asphalt shingles, turned wood columns, wood fan brackets, and an open railing with turned wood balusters. The main entrance has a multi-light glass and wood door with a multi-light transom set within a soldier course arch. The windows are 1/1 aluminum sash with added 6/6 mullions and ornamental wood shutters and are set within soldier course arches. At the roof line is a corbelled brick cornice with dentils. A 1-story brick addition with concrete foundation and parapet roof and a carport are on the west. On the south is a wood deck.

43. This dwelling is part of the development around Fifth Street which began in the early 1800's when it first became a major east/west thoroughfare in Washington. This lot is not shown on the 1893/1898/1908/1916/1926 Sanborn maps.

Site Number: 777 (Continued)

42. One-and-one-half story brick dwelling built in two stages. The original single-pen section was built ca. 1850 with the west section added ca. 1900. The house has a stone foundation and gable roof of asphalt shingles. On the main facade is a one-story partial width porch with milled columns added ca. 1900. Each section has an entrance on the main facade. The ca. 1850 pen has an original door of four panel wood design with a four-light transom. The ca. 1900 section has a four panel door and single-light transom. The house has two interior wall brick chimneys and an interior brick chimney. Windows are 2/2 rectangular wood sash set within segmental arches.

43. According to the owner, this dwelling was originally part of the Borsch farmstead located south of Washington. No other information on the Borsch family was gathered and the atlas' of 1878 and 1898 seem to show the house associated with the 100 acre Charles Kampschroeder farm. It is presently owned by Rich Moore.

45. Owner, 1878 and 1898 Atlas'.

42. The dwelling/duplex is a ca. 1925, 1 1/2-story wood frame bungalow with a concrete foundation, asbestos shingles, and a gable roof of asphalt shingles. The front has 3 bays and the side has 2 bays. On the main facade is a 1/2 porch with a gable roof of asphalt shingles, tapered wood columns on brick piers, and a solid wood railing. The main entrance is a multi-light glass and wood door. The windows are vertical 3/1 and vertical 4/1 wood sash. A gable roof dormer with 3 windows is on the west facade. On the east facade is a shed roof porch addition.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. This lot is not shown on the 1893/1908/1916/1926 Sanborn maps.

On the main facade is a gable roof stoop over a concrete landing. The main entrance is a multi-light glass and wood door. The windows are 1/1 wood sash with ornamental shutters. A gable roof dormer with 3 windows is on the east facade. There is a central interior wall brick chimney. The attached hipped roof garage on the north has been converted to an interior space with a multi-light glass and wood door.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. Nothing is shown on this lot on the 1893/1908/1916/1926 Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate.

42. The dwelling is a ca. 1900, 2-story wood frame I-house with a stone foundation, asbestos shingles, and a gable roof of standing seam metal. The front has 3 bays and the side has 3 bays. On the main facade is a gable stoop over a concrete landing with wrought iron railing. The main entrance is a single light glass and wood door. The windows are 1/1 wood sash with ornamental shutters on the east. On the northwest is a 2-story addition and a concrete patio.

43. This dwelling existed prior to the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. A 2-story wood frame dwelling is shown on this lot on the 1908/1916/1926 Sanborn maps. Three 1-story wood frame outbuildings are also shown on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn map. A building is shown at this location on the 1915 Water Works Improvements Map.

42. The dwelling is a ca. 1930, 1 1/2-story wood frame bungalow with a concrete foundation, asbestos shingles, and a gable roof of asphalt shingles. The front has 4 bays and the side has 2 bays. On the main facade is a 3/4 porch with a shed roof of asphalt shingles, square wood columns, and a wrought iron railing. The main entrance is a single light glass and wood door. The windows are 1/1 wood sash with ornamental shutters. There is an interior wall brick chimney on the north facade. On the south facade is a 1-story wood frame addition with gable roof.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. Nothing is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate.

42. The dwelling is a ca. 1915, 1 1/2-story wood frame Gabled Ell plan with a stone foundation, asphalt siding, and an intersecting gable roof of standing seam metal. The front has 2 bays and the side has 2 bays. On the main facade is a one-story porch with a hipped roof of standing seam metal, turned wood columns, and an open railing with square wood balusters. The main entrance is a single light glass and wood door with a single light transom. The windows are 1/1 wood sash with wood shutters. An awning is over a secondary entrance on the west facade. There are interior wall brick chimneys on the south and north facades. The one on the south has been shortened and closed. On the west facade is a 1-story wood frame addition.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. A 2-story wood frame dwelling with two 1-story wood frame outbuildings is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate. A building is shown at this location on the 1915 Water Works Improvements Map.

Indicate the chief topographical features, such as streams and elevations. Also indicate houses and roads. Indicate the site location by enclosing the site area with dotted line. Note scale of map and portion of section included in sketch map. Include drawings, photographs, etc. on additional pages.

Indicate part of section included in sketch map.

Notes:

THIS IS PROBABLY THE ONE MOST IMPORTANT PART OF THIS DATA FORM!

Please Attach **a copy of a topographic map with the site marked on it.**

42. The dwelling is a ca. 1920, 1 1/2-story wood frame Open Gable plan with a stone foundation, weatherboard siding, and a cross gable roof of asphalt shingles. The front has 3 bays and the side has 2 bays. On the main facade is a 3/4 porch with a hipped roof of asphalt shingles, wood Tuscan columns, and an open railing with square wood balusters. The main entrance is a single light glass and wood door with a single light transom. The windows are 1/1 wood sash. There are interior wall brick chimneys on the south and north facades. On the west facade is a 1-story porch with shed roof.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. A 1 1/2-story wood frame dwelling with a 1-story wood frame garage is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate.

42. The dwelling is a 1926, 1 1/2-story wood frame Pyramid Square plan with a stone foundation, weatherboard siding, and a hipped roof of metal shingles. The front has 3 bays and the side has 2 bays. On the main facade is a 3/4 porch with a shed roof of metal shingles, wood Tuscan columns, and an open railing with square wood balusters. The main entrance is a single light glass and wood door with a single light transom. The windows are 1/1 wood sash with awnings on the south facade. Hipped roof dormers with 2 windows are on the south, north, and east facades. The dormer on the east facade has milled wood detailing. There is an interior wall brick chimney on the south facade. On the west facade is a 1-story wood frame addition with a shed roof.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. A 1 1/2-story wood frame dwelling with a 1-story wood frame garage is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate. The owner and occupant for the last 27 years has been Aloys Voelkerding. According to him, the house was built in 1926 by Ed Swoboda, a shoe factory employee.

42. The dwelling is a ca. 1920, 1 1/2-story wood frame structure with a stone foundation, asbestos shingles, and a cross gable roof of standing seam metal. The front has 3 bays and the side has 2 bays. On the main facade is a 3/4 porch with a hipped roof of standing seam metal, wood Tuscan columns, and an open railing with square wood balusters. The main entrance is a single light glass and wood door with a single light transom. The windows are 1/1 wood sash. There is an interior wall brick chimney on the south.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. A 1 1/2-story wood frame dwelling with a 1-story wood frame garage is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate.

42. The dwelling is a ca. 1930, 1 1/2-story wood frame Bungalow with a concrete foundation, vinyl siding, and a gable roof of asphalt shingles. The front has 3 bays and the side has 3 bays. A bay window is on the south facade. On the main facade is a 3/4 porch with a shed roof of asphalt shingles, tapered wood columns on brick piers, and a wrought iron railing. The main entrance is a multi-light glass and wood door. The windows are 1/1 wood sash. A gable roof dormer with 3 windows is on the west facade. There is a central interior wall brick chimney. On the east facade is a modern wood deck.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. Nothing is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate.

Site Number: 759 (Continued)

42. Two-story brick, three bay, side passage plan dwelling. On the main (N) facade is a single bay entry porch built ca. 1980 based upon historic photograph of dwelling. This one-story porch has milled columns and a railing with milled balusters. The main entrance has original double doors of single light glass and wood design. Windows are rectangular 1/1 sash set within segmental arches. The house has a stone foundation, gable roof of wood shingles, and four interior wall brick chimneys. On the south facade is a shed roof one-story porch. At the roofline is brick corbelling and dentils. The interior has its original side passage plan arrangement with grained woodwork, staircase, paneled wood doors and transoms.

43. This dwelling appears to be shown on the city's 1869 map but the interior woodwork is more akin to 1880s designs. Thhis dwelling was owned in the 1880s by John E. Vitt. In 1902, Marianna Vitt who was the widow of William Vitt sold the house to George Sprekelmeyer. In 1912 George Sprekelmeyer sold the property to steamboat captain Louis Schaefer. Schaefer operated the Missouri River ferry at Washington until construction of the bridge in 1936. Schaefer died in 1948 and the dwelling was later occupied by his daughter, Meta Wingfield. The house has been restored during the past decade by present owners Mike and Jo Ann Radetic.

Please Attach **a copy of a topographic map with the site marked on it.**

42. The dwelling is a ca. 1930, 1 1/2-story wood frame Bungalow with a concrete foundation, vinyl siding, and a gable roof of asphalt shingles. The front has 3 bays and the side has 2 bays. On the main facade is a 3/4 porch with a shed roof of asphalt shingles, fluted wood columns on brick piers, and a wrought iron railing. The main entrance is a multi-light glass and wood door. The windows are 1/1 wood sash. A gable roof dormer with 3 windows and an awning is on the south facade. There is a central interior wall brick chimney. On the north facade is a shed roof porch with square wood columns and wrought iron railing.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. Nothing is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps.

42. The dwelling is a ca. 1920, 1-story wood frame Pyramid Square plan with a concrete foundation, vinyl siding, and a hipped roof of asphalt shingles. The front has 3 bays and the side has 3 bays. On the main facade is a central bay porch with a shed roof of asphalt shingles and wrought iron posts and railing. The main entrance is a single light glass and wood door. The windows are 1/1 wood sash. There is a central interior wall brick chimney.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. A 1-story wood frame dwelling is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the C. Micka estate.

42. The dwelling is a ca. 1930, 1 1/2-story wood frame Bungalow with a concrete foundation, brick veneer, and a gable roof of asphalt shingles. The front has 3 bays and the side has 3 bays. On the main facade is a full porch with a shed roof of asphalt shingles, square brick columns, and an open brick railing. The main entrance is a wood panel door. The windows are vertical 3/1 wood sash with soldier course lintels. A shed roof porch with square wood columns and an open wood railing is on the south facade. Gable roof dormers are on the south and north facades. There is a central interior wall brick chimney. On the east facade is a window infilled with wood shingles.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. Nothing is shown on this lot on the 1916 and 1926 Sanborn maps. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate.

Site Number: 570 (continued)

42. The dwelling is a ca. 1910, 1 1/2-story wood frame Gabled Ell plan with a stone foundation, vinyl siding, and an intersecting gable roof of standing seam metal. The front has 4 bays and the side has 2 bays. On the main facade is a 3/4 porch with a flat roof of standing seam metal with a pediment at the entrance bay, turned wood columns, and an open railing with square wood balusters. The main entrance is a newer multi-light glass and wood door with a single light transom. The windows are 1/1 wood sash. There are 2 interior wall brick chimneys on the east and west facades. On the east facade is an added wood stair and landing leading to a 2-story entrance.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. A 2-story wood frame dwelling with a 1-story wood frame outbuilding is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate. A building is shown at this location on the 1915 Water Works Improvements Map.

42. The dwelling is a ca. 1905, 2 1/2-story wood frame American Foursquare with a stone foundation, vinyl siding, and a hipped roof of standing seam metal. The front has 4 bays and the side has 2 bays. A 2-story extended bay is on the east facade. On the main facade is a 1/2 porch and wood Tuscan columns and an open wood railing. Its roof has been converted to a deck with open wood railing. The main entrance is a single light glass and wood door with a single light transom. The windows are newer 1/1 aluminum sash. A hipped roof dormer with 1 window is on the south facade. There are interior wall brick chimneys on the east and west facades.

43. This dwelling probably existed prior to the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. Its style and design place its construction date at ca. 1905. This lot is not shown on the 1893/1908/1916/1926 Sanborn maps.

42. Two-story brick, central passage plan dwelling built ca. 1880. On the main facade is a two-story shed roof porch with square wood columns added ca. 1970. The house has three bays with 1/1 sash windows set within segmental arches. The main entrance has a ca. 1960 wood and glass door with an original single light transom. The house has a stone foundation and gable standing seam metal roof. The house has two one-story gabled wings added ca. 1970. At the roofline is brick corbelling. At the rear facade is a large addition added ca. 1970.

43. This dwelling is part of a farmstead which remains on the southeast side of Washington. The house was originally built ca. 1880 by the Pardick family who operated this farm for many years. In 1878, the farm is listed as 42 acres and owned by the J.H. Pardick hiers. The farm was listed in 1898 as the Louis Pardick farm of 54 acres. The house was extensively remodeled in the early 1970s and is presently owned by the A. Roy Pearson family.

42. This rectangular plan building is two-stories high with a gable roof of standing seam metal. The main entrances on the facade have two doors added ca. 1960 with Colonial detailing. Windows are ca. 1960 1/1 aluminum and glass. The exterior has been covered with aluminum siding. On the east facade is an added wood deck.

43. Constructed ca. 1900, this building is located near the MOPAC railroad line on the east side of Washington. It appears to have been built ca. 1900 but has been altered in recent decades. The dwelling is located in the original town of Southpoint which is now part of Washington.

42. Two-story Greek Revival influenced dwelling built in 1856. The house is of five-course common bond brick construction built in a rectangular plan. The main facade has five bays with original six-over-six sash windows. On the main facade is a single bay, two-story portico with ca. 1900 square columns. The porch has brackets and vergeboard. The main entrance is a ca. 1960 five panel glass and wood door with original three-light sidelights and a three-light rectangular transom. The central bay second floor entrance has been partially bricked in and a window added in its place. The gable roof is of asphalt shingles. At the roofline is brick corbelling and dentils. The lateral wing has a brick interior chimney and at the gables are stepped parapet walls. The south facade has a ca. 1900 one-story porch with chamfered columns, milled railing and brackets. The interior retains original central hall plan with four panel doors and architrave molding. The staircase has a milled newel post and square balusters.

43. This dwelling was constructed in 1856 on the bluff overlooking the Missouri River. It was built for steamboat captain Mark O'Hara who operated steamboats on the river during the mid-19th century. The house was later owned by farmer W.F. Kuenzel who is shown as the owner on the 1898 atlas. In recent years the house has been occupied by the Richard Hirschl family.

42. 1 1/2 story brick central-hall plan dwelling with a 1 story brick ell. The exterior is of 5 course common bond brick. The main facade is 5 bays with ca. 1980 1/1 aluminum and glass windows with stone sills and lintels. The entrance has a 2 panel wood and 2 light glass door with a single light rectangular transom. There is brick corbelling with dentils at the roofline on the main facade and the rear wing. Windows are set within segmental arches. The roof is standing seam metal ca. 1900. The house has a stone foundation and four interior wall brick chimneys. The rear wing has a shed roof and similar doors and windows. Beneath the dwelling is a winde cellar.

43. Constructed ca. 1860, this brick dwelling was located in the original town of Southpoint. This area is now part of Washington. It is not known who built this dwelling but it is believed to have been part of a winery operation at the turn of the century. Some alterations to the dwelling have occurred in recent years.

Site Number: 535 (continued)

42. The dwelling is a ca. 1870, 1 1/2-story brick Hall and Parlor plan with a stone and concrete foundation, 5-course common bond exterior, and a gable roof of asphalt shingles. The front has 4 bays and the side has 2 bays. On the main facade is a ca. 1950 shed stoop with knee brace brackets and a concrete landing with wrought iron railing. The main entrance is a single light glass and wood door added ca. 1900. The windows are original 6/6 wood sash set within segmental arches of single course header brick. At the eaves is a corbelled brick cornice with dentils. Hipped roof dormers with 2/2 windows are on the east and west facades. The house sits on a raised stone foundation with a full basement.

43. This dwelling existed prior to the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. This lot is not shown on the 1893/1908/1916/1926 Sanborn maps. This lot was owned by I. F. H. Luehrs on the 1898 Atlas and the 1919 Atlas. A building is shown at this location on the 1915 Water Works Improvements Map.

42. The dwelling is a ca. 1860, 1-story brick structure with a stone and concrete foundation, 5-course common bond exterior, and a gable roof of standing seam metal. The front has 4 bays and the side has 2 bays. On the main facade is a ca. 1930 stoop with knee brace brackets over two main entrances with ca. 1900 single light glass and wood doors and 3-light transoms. The windows are original 6/6 wood sash with wood sills and single course brick lintels. Windows on the main facade have ca. 1980 wood shutters. At the roof line is a corbelled brick cornice with dentils. Small single light attic windows are in the gables. On the west is a ca. 1970 frame shed addition.

43. This dwelling is part of the residential development around Stafford Street which began in the early 1800's when the street was the western edge of Washington. A 1-story masonry dwelling with two 1-story wood frame outbuildings is shown on this lot on the 1916 and 1926 Sanborn maps. This lot is not shown on the earlier Sanborn maps. A building is shown at this location on the 1869 Bird's Eye View and on the 1915 Water Works Improvements Map. According to the atlases, it was owned by F. W. Fricke in 1898 and 1919.

42. The dwelling is a ca. 1930, 1 1/2-story wood frame bungalow with a concrete foundation, brick veneer, and a hipped roof of asphalt shingles. The front has 3 bays and the side has 3 bays. An extended octagonal bay is on the south. On the main facade is a 3/4 porch with tapered wood columns on brick piers and a solid brick railing. The main entrance has a multi-light glass and wood door. The windows are multi-light/1 wood sash with soldier course lintels. Hipped roof dormers with 2-3 windows are on the south, north, and west. There is an exterior wall brick chimney on the south. On the east is a sun porch.

43. This dwelling is part of the residential development around Stafford Street which began in the early 1800's when the street was the western edge of Washington. A 1-story wood frame garage is shown on this lot on the 1926 Sanborn map. Nothing is shown on this lot on the 1916 Sanborn map. This lot is not shown on the earlier Sanborn maps. It is part of the Walkenhorst's addition.

42. The dwelling is a ca. 1900, 1 1/2-story brick gabled ell with a stone foundation, 6-course common bond exterior, and a hipped roof of asphalt shingles. The front has 3 bays and the side has 2 bays. On the main facade is an other bay porch with a shed roof of asphalt shingles, vinyl clad wood columns, and a wrought iron railing. The main entrance has a ca. 1950 glass and wood door with a single light transom set within a segmental arched opening. The windows are 1/1 wood sash set within segmental arched openings of stretcher bond brick. In the half story of the main facade is an arched 1/1 sash window. Dividing the first floor and the half story is a brick belt course. There is an interior wall brick chimney.

43. This dwelling is part of the residential development around Stafford Street which began in the early 1800's when the street was the western edge of Washington. A 1 1/2-story masonry dwelling with a 1-story wood frame garage is shown on this lot on the 1926 Sanborn map. Just the dwelling is on the 1916 Sanborn map. This lot is not shown on the earlier Sanborn maps. A building is shown at this location on the 1915 Water Works Improvements Map. According to the atlas, it was owned in 1919 by F. W. Fricke.

42. This dwelling appears to have originally been a double-pen house built ca. 1870-80. The house has been altered with the additional of vinyl siding and it appears that an entrance has been enclosed on the main facade. The house appears to be of frame but it may possibly be of frame and brick nogging construction. The house has a concrete foundation and gable roof of asphalt shingles. On the main facade is a central bay porch with a hipped roof of asphalt shingles, square wood columns, and a milled valence at the eave. The main entrance has a single light glass and wood door. The windows are 2/2 sash with added shutters. At the north facade is a shed roof porch with square wood columns.

43. This dwelling is part of the residential development around Stafford Street which began in the mid-19th century. This dwelling is shown on the 1916 Sanborn Map and the 1915 Waterworks map. According to the atlas, it is part of the Walkenhort's addition.

42. The dwelling is a ca. 1860, 1 1/2-story brick structure with a stone and brick foundation, 6-course common bond exterior, and a gambrel roof of standing seam metal. The front has 4 bays and the side has 4 bays. On the main facade is added scored concrete which extends from the foundation to just below the windows. Two entrances with original 4-panel wood doors and 3-light transoms set within brick jack arches are on the main facade. The windows are ca. 1920 1/1 wood sash with louvered wood shutters and wood sills set within brick jack arches. Those on the side facades are set within single course segmental brick arches. At the roof line is a corbelled brick cornice with dentils. There are 4 interior wall brick chimneys.

43. This dwelling is part of the residential development around Stafford Street which began in the early 1800's when the street was the western edge of Washington. A 1 1/2-story masonry dwelling with two 1-story masonry outbuildings, a 1-story wood frame outbuilding, and a 1 1/2-story wood frame stable are shown on this lot on the 1926 Sanborn map. A 2-story masonry dwelling with two 1-story masonry outbuildings, a 1 1/2-story wood frame stable, and a 2-story wood frame stable are shown on this lot on the 1916 Sanborn map. This lot is not shown on the earlier Sanborn maps. A building is shown at this location on the 1869 Bird's Eye View and on the 1915 Water Works Improvements Map. According to the atlases, it was owned in 1898 and 1919 by Frank Stumpe.

42. The dwelling is a ca. 1860, 2-story wood frame I-house with a stone foundation, asbestos shingles exterior, and a gable roof of asphalt shingles. The front has 3 bays and the side has 2 bays. On the main facade is a central bay porch with a hipped roof of asphalt shingles, turned wood columns, milled brackets, and a wood spindle and diamond pattern frieze. The porch on the east has similar detailing. The main entrance has a panel wood door. The windows are 1/1 wood sash. A wall dormer is on the west. On the east is a 2-story wood frame addition.

43. This dwelling is part of the residential development around Stafford Street which began in the early 1800's when the street was the western edge of Washington. A 2-story and 1 1/2-story wood frame dwelling with a 1-story wood frame garage and a 1-story wood frame outbuilding is shown on this lot on the 1926 Sanborn map. The garage is an outbuilding and the outbuilding is missing on the 1916 Sanborn map. This lot is not shown on the earlier Sanborn maps. A building is shown at this location on the 1915 Water Works Improvements Map. According to the atlas, it is part of the Walkenhorst's addition.

Site Number: 815 (continued)

42. The dwelling is a ca. 1910, 1 1/2-story brick gabled ell with a stone foundation, 6-course common bond exterior, and an intersecting gable roof of asphalt shingles. The front has 4 bays and the side has 2 bays. On the main facade is a recessed vestibule. The double outer doors have been replaced with an aluminum screen door. Above the door is a multi-[X1] light transom of colored glass set within a segmental soldier course arch. The main entrance has a single light glass and wood door. The windows are 1/1 wood sash set within segmental arches of 2-course header brick. On the east is a shed roof porch with wood columns and an added deck above.

43. This dwelling is part of the residential development around Stafford Street which began in the early 1800's when the street was the western edge of Washington. A 1 1/2-story masonry dwelling with a 1-story wood frame garage attached to a 1-story wood frame outbuilding is shown on this lot on the 1926 Sanborn map. The garage is not shown on the 1916 Sanborn map. This lot is not shown on the earlier Sanborn maps. A building is shown at this location on the 1915 Water Works Improvements Map. According to the atlas, it is part of the Brinker's estate.

42. The dwelling is a ca. 1860, 1-story brick structure with a stone and concrete foundation, 5-course common bond exterior, and a gable roof of standing seam metal. The front has 5 bays and the side has 1 bay. The main entrance has a ca. 1910 single light glass and wood door and a single light transom set within a segmental arched opening. The windows are ca. 1960 1/1 wood sash with wood sills and header course lintels. A stucco sheathing has been added at the foundation and extends to just below the windows. There is an interior wall brick chimney.

43. This dwelling is part of the residential development around Stafford Street which began in the early 1800's when the street was the western edge of Washington. A 1-story masonry dwelling with two 1-story wood frame outbuildings is shown on this lot on the 1916 and 1926 Sanborn maps. This lot is not shown on the earlier Sanborn maps. A building is shown at this location on the 1869 Bird's Eye View and on the 1915 Water Works Improvements Map. According to the atlases, it was owned in 1898 by Charles Boackmann and in 1919 by Henry Beckmann.

42. The dwelling is a ca. 1900, 1 1/2-story brick double pen with a stone foundation and a gable roof of standing seam metal. The front has 4 bays and the side has 3 bays. On the main facade is a central bay porch with a hipped roof of standing seam metal and wrought iron posts and railing. The 2 main entrances have single light glass and wood doors with double light transoms set within segmental soldier course arches. The windows are vertical 2/2 wood sash with working wood shutters. A gable roof dormer is on the west. At the roof line is a corbelled brick cornice with dentils. On the east are a 1-story brick addition and a 1-story wood frame addition.

43. This dwelling is part of the residential development around Stafford Street which began in the early 1800's when the street was the western edge of Washington. A 1 1/2-story masonry dwelling with a 2-story wood frame stable attached to a 1-story wood frame outbuilding is shown on this lot on the 1916 and 1926 Sanborn maps. This lot is not shown on the earlier Sanborn maps. A building is shown at this location on the 1869 Bird's Eye View and on the 1915 Water Works Improvements Map. According to the atlases, it is part of the Brinker's estate. The original owner was Henry Nolte. His daughter, Edna Nolte, is the current owner.

Please Attach **a copy of a topographic map with the site marked on it.**

42. The dwelling is a ca. 1920, 1 1/2-story wood frame open gable with a concrete foundation, asbestos shingles exterior, and a gable roof of asphalt shingles. The front has 3 bays and the side has 3 bays. On the main facade is a 3/4 porch with a hipped roof of asphalt shingles and ca. 1970 wrought iron posts. The main entrance has an original multi-light glass and wood door. The windows are 1/1 rectangular wood sash. Shed roof dormers with 2 windows are on the south and north. There is an interior wall brick chimney.

43. This dwelling is part of the residential development around Stafford Street which began in the early 1800's when the street was the western edge of Washington. A 1 1/2-story wood frame dwelling is shown on this lot as 347 Stafford St. on the 1926 Sanborn map. Nothing is shown on this lot on the 1916 Sanborn map. This lot is not shown on the earlier Sanborn maps.

42. The dwelling is a ca. 1915, 2-story wood frame American foursquare with a stone foundation, vinyl siding exterior, and a hipped roof of asphalt shingles. The front has 3 bays and the side has 2 bays. On the main facade is an other bay porch with a hipped roof of asphalt shingles and champferred wood columns and pilasters. A secondary porch on the south has similar features. The main entrance has a single light glass and wood milled door with an infilled transom. The windows are 1/1 wood sash. There is an interior wall brick chimney on the north. On the east is a 1-story wood frame addition with wood siding connected to a porch. Above them is a sun deck with an open railing of square wood balusters.

43. This dwelling is part of the residential development around Stafford Street which began in the early 1800's when the street was the western edge of Washington. A 2-story wood frame dwelling with a 1-story wood frame outbuilding is shown on this lot on the 1916 and 1926 Sanborn maps. This lot is not shown on the earlier Sanborn maps. It is part of the Stephenson's addition.

42. The dwelling is a ca. 1860, 1-story brick central passage with a concrete foundation, 7-course common bond exterior, and a gable roof of standing seam metal. The front has 5 bays and the side has 2 bays. On the main facade is a concrete landing with wrought iron railing. The main entrance has a wood door with semicircular multi-light glass, multi-light sidelights, and a multi-light transom, all set within a segmental arch of soldier bricks. The windows are 6/6 wood sash set within segmental arches of soldier brick. The walkout basement has infilled windows. There are interior wall brick chimneys on the south and north. Also on the north is a newer exterior wall brick chimney.

43. This dwelling is part of the residential development around Stafford Street which began in the early 1800's when the street was the western edge of Washington. A 1 1/2-story masonry dwelling with a 1-story wood frame garage and a 1-story masonry outbuilding is shown on this lot on the 1916 and 1926 Sanborn maps. This lot is not shown on the earlier Sanborn maps. A building is shown at this location on the 1869 Bird's Eye View and on the 1915 Water Works Improvements Map. According to the atlases, it was owned in 1898 by W. Stoepeworth and in 1919 by Henry Kaun.

Indicate the chief topographical features, such as streams and elevations. Also indicate houses and roads. Indicate the site location by enclosing the site area with dotted line. Note scale of map and portion of section included in sketch map. Include drawings, photographs, etc. on additional pages.

Indicate part of section included in sketch map.

Notes:

THIS IS PROBABLY THE ONE MOST IMPORTANT PART OF THIS DATA FORM!

Please Attach **a copy of a topographic map with the site marked on it.**

42. The dwelling is a ca. 1860, 1 1/2-story brick hall and parlor with stone and concrete foundations, 6-course common bond exterior, and a gable roof with stepped parapet and asphalt shingles. The front has 4 bays and the side has 2 bays. On the main facade is a central bay porch with a hipped roof of asphalt shingles, square wood columns and pilasters, and an open railing with square wood balusters. The main entrance has a single light glass and wood door with a single light transom. The windows are 6/6 and 1/1 wood sash with soldier course lintels. There are 2 interior wall brick chimneys on the south and north. On the east is a 1-story wood frame addition with a shed roof.

43. This dwelling is part of the residential development around Stafford Street which began in the early 1800's when the street was the western edge of Washington. A 1-story masonry dwelling with a 1-story wood frame outbuilding is shown on this lot on the 1908, 1916, and 1926 Sanborn maps. This lot is not shown on the earlier Sanborn maps. According to the atlases, it is part of the Stephenson's addition.

42. The dwelling is a ca. 1860, 1 1/2-story brick central passage-double pile with a stone foundation, 6-course common bond exterior, and a gable roof of metal. The front has 6 bays and the side has 3 bays. On the main facade is a central bay porch with a hipped roof of metal, wood Tuscan columns and pilasters, and an open railing with turned wood balusters. The main entrance has a single light glass and wood door with the sidelights and transom infilled with wood panels. The windows are 6/6 and 1/1 wood sash set within segmental soldier course arches. Two shed roof dormers with 2 windows and metal siding are on the west. At the roof line is a corbelled brick cornice with dentils. There are exterior wall brick chimneys on the north and east. On the southeast is a 1-story brick addition.

43. This dwelling is part of the residential development around Stafford Street which began in the early 1800's when the street was the western edge of Washington. A 1 1/2-story masonry dwelling with a 1-story wood frame outbuilding is shown on this lot on the 1926 Sanborn map. The lot has another 1-story wood frame outbuilding and a 1-story masonry outbuilding on the 1916 Sanborn map. One of the wood frame outbuildings is shown as a stable on the 1908 Sanborn map. This lot is not shown on the earlier Sanborn maps. A building is shown at this location on the 1869 Bird's Eye View. According to the atlases, it is part of the Stephenson's addition.

42. The dwelling is a ca. 1860, 1 1/2-story brick structure with stone and concrete foundations, stucco exterior, and a gable roof of asphalt shingles. The front has 4 bays and the side has 2 bays. On the main facade is a central bay porch with a shed roof of asphalt shingles and wrought iron posts and railing. The main entrance has a wood door with a multi-light elliptical transom. The windows in the original central section are 4/4 elliptical wood sash with 8-light elliptical wood sash storm. In the north 1-story brick addition are 4/4 rectangular wood sash windows. Ornamental shutters have been removed. An awning is on the west. At the roof line is a corbelled brick cornice with dentils. There is an interior wall brick chimney on the south. Also on the south is a 1-story wood frame addition with vinyl siding.

43. This dwelling is part of the residential development around Stafford Street which began in the early 1800's when the street was the western edge of Washington. A 1 1/2-story masonry dwelling is shown on a portion of this lot on the 1908, 1916, and 1926 Sanborn maps. This lot is not shown on the 1893 Sanborn map. A building is shown at this location on the 1869 Bird's Eye View and on the 1915 Water Works Improvements Map. According to the atlases, it was owned in 1898 and in 1919 by G. Schute.

42. The dwelling is a ca. 1860, 1-story wood frame central passage with a stone foundation, aluminum siding exterior, and a gable roof of standing seam metal. The front has 6 bays and the side has 2 bays. On the main facade is a central bay porch with a flat roof and wrought iron posts and railing. The main entrance has a newer single light glass and wood door. The windows are 1/1 wood sash with awnings on the south and west. A shed roof dormer with 2 vertical 4/1 windows is on the west. There is an interior wall brick chimney on the northeast and a central interior wall brick chimney. On the north and east are 1-story wood frame additions.

43. This dwelling is part of the residential development around Stafford Street which began in the early 1800's when the street was the western edge of Washington. A 1 1/2-story wood frame dwelling with a 1-story wood frame garage is shown on this lot on the 1926 Sanborn map. The dwelling with two 1-story wood frame outbuildings and a 1 1/2-story wood frame stable is shown on this lot on the 1908 and 1916 Sanborn maps. This lot is not shown on the earlier Sanborn maps. A building is shown at this location on the 1869 Bird's Eye View and on the 1915 Water Works Improvements Map. According to the atlases, it is part of the Stephenson's addition.

* Note: This dwelling may be of brick and frame construction. It has been extensively remodeled.

42. The dwelling is a ca. 1925, 1 1/2-story wood frame bungalow with a concrete foundation, vinyl siding exterior, and a gable roof of asphalt shingles. The front has 3 bays and the side has 3 bays. On the main facade is a 3/4 porch with a shed roof of asphalt shingles, brick piers, and an open weave brick railing. The main entrance has a single light glass and wood door. The windows are vertical 5/1, 4/1, and 3/1 wood sash. A shed roof dormer with 3 windows is on the east. On the south is a wood stair leading to a wood landing with wrought iron railing and a 2-story entrance with a multi-light glass and wood door. A wood deck is on the west.

43. This dwelling is part of the residential development around Stafford Street which began in the early 1800's when the street was the western edge of Washington. A 2-story wood frame dwelling with a 1-story wood frame garage is shown on this lot (as 435 Stafford St.) on the 1926 Sanborn map. Nothing is shown on this lot on the 1908 and 1916 Sanborn maps. This lot is not shown on the 1893 Sanborn map.

Sketch map of location Site No. _____

Section _____ Township _____ Range _____

Indicate the chief topographical features, such as streams and elevations. Also indicate houses and roads. Indicate the site location by enclosing the site area with dotted line. Note scale of map and portion of section included in sketch map. Include drawings, photographs, etc. on additional pages.

Indicate part of section included in sketch map.

Notes:

THIS IS PROBABLY THE ONE MOST IMPORTANT PART OF THIS DATA FORM!

Please Attach **a copy of a topographic map with the site marked on it.**

42. The dwelling is a 1 1/2-story brick gabled ell with a stone foundation, 7-course common bond exterior, and an intersecting gable roof of wood shingles. The front has 4 bays and the side has 2 bays. On the main facade is an other bay porch with a hipped roof of wood shingles, turned wood columns, and an open railing with square wood balusters. The main entrance has a single light glass and wood door with a single light transom set within a segmental arch of 2-course header brick. The windows are 1/1 wood sash set within segmental arches of 2-course header brick. There is an interior wall brick chimney on the south.

43. This dwelling is part of the development around Fifth Street which began in the early 1800's when it first became a major east/west thoroughfare in Washington. A 1 1/2-story dwelling with a 1-story wood frame outbuilding is shown on this lot on the 1916 Sanborn map. This lot is not shown on the 1893/1898/1908/1926 Sanborn maps. A building is shown at this location on the 1915 Water Works Improvements Map. According to the atlas, it was owned in 1919 by T. M.

42. The dwelling is a 1 1/2-story brick open gable with a stone foundation, and a cross gable roof of standing seam metal with a broken entablature detail. The front has 3 bays and the side has 2 bays. On the main facade is a central bay porch with a hipped roof of standing seam metal, chamfered wood columns, and an open railing with square wood balusters. The main entrance has a single light glass and wood door with a single light transom. The windows are 1/1 wood sash set within segmental arches of 2-course header brick. There is an exterior wall brick chimney on the south.

43. This dwelling is part of the residential development along Stafford Street which began in the early 1800's when the street was the western edge of Washington. A 2-story masonry dwelling is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. A building is shown at this location on the 1915 Water Works Improvements Map. According to the atlas, it was owned in 1919 by Herman Buddemeyer.

42. The dwelling is a 1 1/2-story wood frame gabled ell with a stone foundation, asbestos shingles exterior, and an intersecting gable roof of standing seam metal. The front has 4 bays and the side has 3 bays. On the main facade is an other bay porch with a hipped roof of asphalt shingles, wrougth iron posts, and a cut wood capital detail. The porch appears to be 1/2 original and 1/2 added. The main entrance has a single light glass and wood door with a single light transom. The windows are 1/1 wood sash. There is a central interior wall brick chimney. On the west is a 1-story wood porch with shed roof.

43. This dwelling is part of the residential development along Eighth Street which began in the mid-1800's when the street was the southern edge of Washington. This lot is not shown on the 1893/1898/1908/1916/1926 Sanborn maps. According to the atlas, it was owned in 1919 by J. H. Neier.

42. One-and-one-half story brick, rectangular plan dwelling built in a central hall plan. The house has a stone foundation and gable roof of asphalt shingles. On the main (E) facade is a one-story partial width porch with chamfered columns on brick piers. The main entrance has an original four panel wood door with three-light sidelights and a three-light elliptical transom. Windows are 1/1 rectangular wood sash set within segmental arches. At the roofline is brick corbelling and dentils. The house has two interior wall brick chimneys. In the gable fields are hexagonal wood shingles. At the rear is a large frame addition added in 1987.

43. According to the present owners Mark A. and Barbara K. Trebacz, the original dwelling was built after 1878 and was destroyed in a fire on January 11, 1892. A board marked February 23, 1892 by J.E. Berry, a J.C. Meyer contractor from Washington, MO, dates the reconstruction. The original owners were Henry and Elizabeth Ernst. Henry Ernst was a horticulturalist and flower dealer in Washington, and in 1878, owned a flower shop on W. 5th Street. He sold his greenhouse to a son and Charles Klingsieck in 1898, and died December 15, 1931, at the age of 89.

42. One-and-one-half story brick, side-passage plan dwelling built ca. 1880. The house has a stone foundation and gable roof of asphalt shingles. On the main facade is a full width ca. 1930 shed porch with exposed eave rafters. The main facade has two primary entrances with ca. 1960 wood and glass doors. Windows are original six-over-six wood sash with wood shutters. The house has two interior wall brick chimneys and corbelled brick at the eaves. At the roofline are three gable dormers with 2/2 sash windows. At the rear is a large frame addition.

43. This dwelling was built ca. 1880 and is known as the Kleekamp Farm. The house was built by Henry Kleekamp and was later inherited by Fred W. Kleekamp. He operated the farm with his wife Elizabeth until their deaths. The house was later owned by daughter Theola Kleekamp and received the Century Farm award in 1976. The house is presently owned by the Bump family.

42. One-and-one-half story rectangular plan brick dwelling built ca. 1910. The house gas a stone foundation and hipped roof of metal standing seam. The main entrance has a multi-light glass and wood door with multi-light sidelights. On the east facade is a screened in porch with square Doric motif columns. At the roofline are milled brackets. Windows are 4/4 and 3/1 vertical light sash set within segmental arches.

43. Original owner/builder was Walter Hake who also owned a shoe store on Main Street. The date of construction is 1911, according to the present owners Richard and Jewby Lyon. The Lyons bought the property in November, 1963 from Antone Tibbe. Antone and his brother lived in the house, and are relatives of Henry Tibbe, a "city father," and owner of one of the Corncob Pipe Factories.

42. One-story brick dwelling with a gable roof of standing seam metal. This dwelling was originally oriented towards the north but a door opening has been converted into a window. The main entrance now faces west in the rear ell. The north facade has three bays with 1/1 sash windows added ca. 1920. Windows are rectangular set within segmental arches. The main entrance has a multi-panel door added ca. 1940. At the eaves is brick corbelling.

43. This dwelling was built ca. 1880 and originally faced towards E. 6th Street. It was built in the original town of Bassora which was later incorporated into Washington. The dwelling was altered in the early 1900s with its main entrance facing Washington Street. This dwelling is not shown on any of the city maps.

42. The dwelling is a ca. 1925, 1 1/2-story wood frame Bungalow with a concrete foundation, asbestos shingles, and a gable roof of asphalt shingles with enclosed knee brackets at the eaves. The front has 2 bays and the side has 3 bays. On the main facade is an extended entry bay, and ca. 1970 porch with a shed roof of asphalt shingles, and wrought iron posts and railing. The main entrance is a semi-circular multi-light glass and wood door. The windows are vertical 3/1 wood sash. A newer aluminum sash picture window is on the west facade. Awnings are on the south, east, and west facade. A gable roof dormer with 3 windows is on the west facade. There is a central interior wall brick chimney and an interior wall brick chimney on the south facade. On the east facade is a 1-story wood frame addition and a shed roof dormer.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. This lot is not shown on the 1893/1908/1916/1926 Sanborn maps.

42. The dwelling is a ca. 1910, 1 1/2-story wood frame structure with a stone foundation, vinyl siding, and a gable roof of asphalt shingles. The front has 2 bays and the side has 2 bays. On the main facade is a full porch with a hipped roof of asphalt shingles, wood Tuscan columns, and an open railing with turned wood balusters. Also on the east facade is an extended bay with 2nd story deck with turned wood balustrade. The main entrance is a single light glass and wood door with sidelights, a single light transom, and a wrought iron screen. The windows are 1/1 wood sash with wood shutters. A hipped roof dormer with 2 windows is on the east facade. There is a central interior wall-brick chimney. On the west facade is a 1-story shed roof porch.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. A 2-story wood frame dwelling with a 1-story wood frame outbuilding is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate. A building is shown at this location on the 1915 Water Works Improvements Map.

Sketch map of location Site No. _____

Section _____ Township _____ Range _____

Indicate the chief topographical features, such as streams and elevations. Also indicate houses and roads. Indicate the site location by enclosing the site area with dotted line. Note scale of map and portion of section included in sketch map. Include drawings, photographs, etc. on additional pages.

Indicate part of section included in sketch map.

Notes:

THIS IS PROBABLY THE ONE MOST IMPORTANT PART OF THIS DATA FORM!

Please Attach **a copy of a topographic map with the site marked on it.**

42. The dwelling is a ca. 1930, 1 1/2-story wood frame Bungalow with a concrete foundation, weatherboard siding, and a gable roof of asphalt shingles. The front has 3 bays and the side has 3 bays. On the main facade is a 3/4 porch with a shed roof of asphalt shingles, tapered wood columns on brick piers, and an open railing with square wood balusters. The main entrance is a multi-light glass and wood door. The windows are vertical 3/1 wood sash. A gable roof dormer with 3 windows is on the east facade. There is an exterior wall brick chimney on the south facade. On the north facade is a gable roof stoop over a secondary entrance.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. Nothing is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate.

Indicate the chief topographical features, such as streams and elevations. Also indicate houses and roads. Indicate the site location by enclosing the site area with dotted line. Note scale of map and portion of section included in sketch map. Include drawings, photographs, etc. on additional pages.

Indicate part of section included in sketch map.

Notes:

THIS IS PROBABLY THE ONE MOST IMPORTANT PART OF THIS DATA FORM!

Please Attach **a copy of a topographic map with the site marked on it.**

42. The dwelling is a ca. 1910, 2-story wood frame American Foursquare with a concrete foundation, asbestos shingles, and a hipped roof of standing seam metal. The front has 2 bays and the side has 2 bays. On the main facade is a single bay entry porch with a hipped roof of standing seam metal and round concrete columns. The main entrance is a panel wood door. The windows are 1/1 wood sash. A hipped roof dormer with 2 windows is on the west facade. There is a central interior wall brick chimney. On the east facade is a metal stair and landing to a 2-story entrance.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. This lot is not shown on the 1893/1908/1916/1926 Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Frank Stumpe estate.

Site Number: 679 (continued)

42. The dwelling is a ca. 1915, 1 1/2-story wood frame Central Passage plan with a concrete foundation, vinyl siding, and a cross gable roof of standing seam metal with a broken pediment detail. The front has 3 bays and the side has 2 bays. On the main facade is a 3/4 porch with a hipped roof of standing seam metal, turned wood columns, and a wrought iron railing. The main entrance is a multi-light glass and wood door with an infilled transom. The windows are 1/1 wood sash. There are interior wall brick chimneys on the south and north facades. On the west facade is a 1-story shed roof porch addition.

43. This dwelling is part of the residential development surrounding the Roberts, Johnson and Rand Shoe Factory, established 1907. A 1 1/2-story wood frame dwelling with a 1-story masonry garage is shown on this lot on the 1926 Sanborn map. This lot is not shown on the earlier Sanborn maps. This lot was probably part of the land bought and sold between November 1906 and March 1907 to raise the $35,000 incentive for the shoe factory development. It had previously been part of the Elijah McLean estate.
