| | |
| Some empty cans & bottles discarded in walking area. | |
| Some erosion problems on trails. | |
| Some large trash items are visible from Al Foster trail. | |
| | |
| Some trails provide little to no access for emergency services, puts people at | |
| risk. | |
| Some trails spots are dangerous for bikes, put up warning signs. Some trash near river edge. Bathroom was a little dirty - expected though. | |
| Some trash on trails - Gropeter, Stinging Nettle. | |
| Someone stuck a branch with leaves on the toilet paper racks. | |
| Sometimes at the beach by underage drinking. | |
| Sometimes bathroom not clean, trash all over. | |
| Sometimes bathrooms are not too clean. Safety as per question 16. | |
| Sometimes the porta johns weren't empty or cleaned for several weekends in a | |
| row last summer. | |
| Sometimes the restroom by the 1st pavillion isn't very clean. | |
| Speed limit. | |
| Speed limits in and out of park are not observed. Kids get out of school about | |
| 3:00 pm and come here. Constant speeding. *Need speed bumps - several of | |
| them. Still problem with speeding cars and their lack of attention to people on the road | |
| using cell phones while driving etc. | |
| Stinging Nettle has a lot of tires and debris. | |
| Such large groups of visitors seem to leave lots of trash even though there are | |
| constantly park employees out picking up. Restrooms are mostly because of unrespectful visitors. | |
| Terrible bathrooms, I was once told to come in to apply for a job, but when I got | |
| here she left and I didn't come back. | |
| The bathrooms are disgusting and there aren't enough of them. | |
| The bathrooms are horrible and need solar powered panals. | |
| The bathrooms are not usually clean and rarely have toilet paper. Staff would be more helpful if they prevented people from speeding through the park. | |
| The bathrooms are pretty gross. | |
| The bathrooms are run down and they need more. | |
| The bathrooms are usually locked and nasty. | |
| The bathrooms at campgrounds aren't usually clean as a generality. | |
| The bathrooms need serious help. | |
| The bathrooms need work but other than that the park is beautiful. The beach had lots of trash on it. | |
| The historical uins are not marked not described. Would be useful to know | |
| more about the specific histjory of the ruins. | |
| The jonnie on the spots are disgusting, I actually threw up after being in one. | |
| The new portables by river are great to have. Usually the fixed facilities are dity, | |
| broken or backed up. | |
| The new stop signs by train underpass good. However, 70% make a rolling | |
| stop, not good. The ones I left blank I did not rate due to my lack of knowledge. | |

| The people leave to much trash and the restrooms are very unsanitary. The port-a-potty cold have used some attention, a lot of debris was scattered | |
| about on the floor. | |
| The restroom facilities need to be cleaner, updated & stocked. | |
| The restroom near bluff trailhead could be cleaner. | |
| The restroom hear bluit traillead could be cleaner. | |

| The restrooms are filthy; classes should be offered to identify trees, plants, | , |
|--|---|
| geology, etc. The restrooms are nasty. | |
| · · · · · · · · · · · · · · · · · · · | |
| The restrooms are pretty bad, when they are open. The restrooms could use some fixing. | |
| | Ź |
| The restrooms have always been a problem here; I got locked in one by the river and had to scream to get someone to help me. | , |
| The restrooms have been closed and/or dirty on occasion. | |
| The restrooms need improvement. | |
| The restrooms quite frankly suck. | |
| The restrooms weren't perfectly clean. | |
| The restrooms while difficult to keep up should be kept as clean as possible and in working order. | |
| The signs and such are starting to fall down, I have never seen a nature program; people get very close to edge of cliff. | |
| The trash receptacles were full to overflowing. The containers need to be cleaned more frequently. | |
| The trash thing mentioned earlier. | |
| The women's bathroom near the playground is not always the cleanest. | |
| There are a few areas with excessive broken glass, at least 4 1/2 cars and a few dozen water heaters, washing machines, etc. Part of Grotpeter trail smells like motor oil. | |
| There are no locks on the bathroom doors, they are kind of dirty, however, I've seen a lot worse elsewhere. | |
| There are so many miles of trails it would be hard to keep up with litter. | |
| There are too many dogs off leash - most are large. We have small dogs who are always on leash. Also, I believe bikers are supposed to yield to hikers, but that is not how it is on the trails - we have had out dogs nearly hit before by bikers riding very fast, sometimes you don't hear them coming, and they don't slow down. | |
| There is a lot of trash (mainly from flooding) in the back of the park near the river. | |
| There is a lot of trash in the flats by Blue Ribbon. The double restroom is no hilton, but its not a dump either. | |
| There should be locks on all restroom doors. They need to clearly mark | |
| "women" and "men" on the doors. No toilet paper in one of the restrooms. There should be more trash recepticles (or bigger trash cans) to accommodate | |
| the amount of people that come here. | |
| There was some litter including glass bottles in the river (swimming area). There were beer cans everywhere by the river. | |
| , , | |
| There were no programs when we were here. | |
| They're gross. | |
| They are clean for a public park. They stink. | |
| This is an absolutely beautiful family friendly park. During the summer when | |
| park is more active river access gets dirty and there are not enough restrooms. This park is so used by suburbia, you'd almost have to have staff checking | |
| bathrooms once an hour. Also - the litter, I'd have a community clean up day I'm here 3 times a week - I'd be happy to help. | |
| This survey was given at the entrance, as we were coming in. Would have been better to provide survey on exit if one expected a legitimate answer. | |
| Those don't apply to me. | |
| Though I did not visit the restrooms, I cold smell them from quite a distance away. | |
| | |

| Tires/trash in back of park. | |
|---|--|
| To much noise coming from excessively loud car radios from parked cars. Stereo equipment in picnic area too loud as well you can hear it through out the park. | |
| Toilet paper. | |
| Toilets not open. | |
| Too few restrooms, restrooms not clean or well maintained. Park office is not usually open, have never heard of any nature or history programs. Too many bikes, erosion, some trails unsafe. Deteriorated over last 5 years. | |
| Too many cars driving fast towards river access. | |
| Too much trash, dirty restrooms with no toilet paper. | |
| Trail mentioned before. | |
| Trail signage could be improved. Trails are often full of liter; restrooms are terrible. | |
| · · · · · · · · · · · · · · · · · · · | |
| Trash along trails, broken glass, dead trees, laying over trees. | |
| Trash along trails. I don't use disability access. | |
| Trash cans are rarely emptied. | |
| Trash cans often over filled especially by boat access. Trash disposal along trail is insufficent. | |
| Trash in the creek. | |
| Trash intermittently Not to bad | |
| Trash on riverbanks; restrooms never clean enough. | |
| Trash on trails. | |
| Trash present on trails - I try to pick it up. | |
| Trashy bathrooms. | |
| Unfamiliar with program, need higher visibility. Update bathrooms to keep open year round. | |
| Update restrooms. | |
| · | |
| Upkeep of park needs to be improved not feeling very safe walking by myself. Vandalism of bathrooms - poor shape love to see new facilities. | |
| Vandals damage water and restroom facilities. | |
| Vandals. | |
| Variety of programs offered & publicized to public. | |
| Very few programs. | |
| Very filthy toilet at trailhead and no toilet paper. | |
| Very limited part of Castlewood - not at main park. | |
| Very well maintained and staff is wonderful. | |
| Visitors to park "trashy" - park employees work diligently at keeping trash cleaned up. Restroom conditions are due to visitor vandalisms. | |
| Walking traffic needs different trails. | |
| Warning signs where trails meet roadways. Sppeding tourists are also a problem. | |
| Water in restrooms. | |
| We saw litter and would have picked it up but didn't have a bag. But we did see where bags had been piled but not collected yet. Would have marked safety higher, but since a young man was just killed herefalling tree. | |
| We were here early am Sun and there was a lot of trash from a big Saturday in the park. Bathrooms leave a lot to be desired, could be improved greatly. | |

| | Well nother for come medications trails could be much better and the monday. | |

| | Working with love is terrible - he is very unorganized. | 1 |
| | Would like more historical information. | 1 |

Table B36. Q: "Do you have any comments or suggestions about how we can improve

[park] or other Missouri state parks and historic sites?" Castlewood 1231 A nice bridge for foot traffic on the Lone Wolf Trail creek crossing would be 1 good, as because damns seem to make crowwing that area difficult. Access to drinking water. 1 1 Access to fresh water. Actually the bicycles are sometimes rather dangerous to hikers, they blind 1 curves too quickly. Generally they are polite, but maybe they should be warned to slow down on curves. Add a dog park. 1 Add more trails, keep horses off trails. 1 Add trails specifically for people experienced with dogs - swimming area for 1 dogs, circuit training for dogs (jumps, tunnels, etc.). Additional activities; create business partnerships; regular community based 1 events (not on major holidays). 1 Allow more horses. Allow off the leash; night rides. 1 Allow rock climbing anywhere that has good cliffs or boulders. You can require waivors/registration, but please no advance notice of waiting 1 periods. Always have access to the Meramec with canoes and small kayaks etc. 1 Always have updated trail maps available. Have a white board with nature 1 Always keep the trail open maybe add a bridge across Meramac to the 1 other park. More trails. This park is an excellent bike trail park. Another trail from the back of lone walt to somewhere around cedar bluff 1 would be cool. Area for dogs. 1 As a mountain bike I love your trails but too many dogs are allowed to roam 1 without leashes. 1 Ask for survey at exit instead of entrance. 1 Attendant was kind of snotty. Back pack camping areas. 1 Bathroom near the beach for swimmers. 1 Bathrooms 2 1 Bathrooms. Beautiful park...just do not feel safe on the trails with kids and especially 1 when alone (away from trailheads). Been coming here frequently for 15 years, haven't seen funding increase 1 with useage. Best place to bike near St. Louis. 1 Better advertisement of nature programs. 1 Better and more defaced maps of trails and more informaiton on the history 1 of the park. Better bathrooms, possibly more paved tails to take kids in strollers or on 1 Better information dissemination on park and programs. Walking paths 1 paved are needed everywhere.

| I really like the passport program, its encouraged us to visit new parks in | |
| other parts of Missouri I hadn't considered going there just to see parks. | |
| | |
| I think its all around pretty good, I always have a great time when I'm here. | |
| I think the park improves as the years go by; please keep the park open to | |

| I think you're doing a nice job. | |
| I trailride at other parks but not here due to poor parking facility for horse | |

| I visit Castlewood at least once a week and have never seen a ranger on | |
| the trails. | |
| I volunteer at and enjoy all local parks. | |
| I will probably not visit anymore if I can't view the river. | |
| I would be interested in having some kind of small water feature (bubbler- | |

| Open as much land as possible to mountain bikers. There is no reason to limit trails to only hikers & horses. We cause minimal damage. Open bathrooms all year; birders visit all year. Open it to off road motorcycles, keep horses out. Open late. Open late. Open restroom, make sure have TP. Clean restrup, cut logs from recently fallen trees. 1 Other than trail signage, very well. Overall this is an outstanding park & well maintained by the state park service. Compliments particularly for keeping trails clean after wind storm in September. Overall, I love the park. Safety is critical for my family. Would love a bike wash facility (I have seen thise in other parks). Thanks. Overnight facilities - electrical lots - non-electrical lots Park in very good condition - except restrooms, more could be added. Park needs more maintenance; water needs water fountains; needs cleaner restrooms. Park staff visability. Parks are great. Please allocate some resources for cleaning/maintaining restrooms/ emptying portapotties. | Parks are great. People litter on trails - might be better with a few trash cans. Pick up garbage on trails. Please add more signage, very difficult to follow the right road. This is a lovely area and I wish I had more time to visit. Please allocate some resources for cleaning/maintaining restrooms/ emptying portapotties. Please just keep it natural (the way you do now) not too many public gettogethers, just allow an extra path in the field area away from bikers. Like I said, they are dangerous and rude at times. Thank You! Please keep it a place of peace - I love the solitude. Please keep it just like it is; please do not pave any trails; it is my favorite park; I love it because it is natural, beautiful and wild. Please restore the river scene trail. | An access to the river other than the boat launch. | |
| An additional shower house more vault toilets. | , |
| Arrest and prosecute litterers, enforce, especially kids, "keep off". | |
| Asphalt pads on sites have major debris - branches, leaves, walnuts, could | |
| be blown clean. Otherwise very satisfied plan on coming back next summer with our grandchildren. | |
| At the camper check in needs to be another lane to the campground so campers already checked in don't have to wait as long (we waited 20 minutes Friday even though we were already checked in). | |
| Cleaner bathrooms at campground. | |
| Courtney, Louanne, Jackie were all very helpful at identifying trees & shrubs; specifically the black cherry dogwood. | |
| Do not like the centralized reservation setup and added cost - let each park take care of its own reservations like before; Spend some money on new showers/restrooms like MO did with Babler. | |
| Don't advertise a dining room when you don't have one. Check in for motel is on opposite side of park, then check out is just as inconvenient. | |
| Get rid of the reservation system, it takes money out of MO and caters to the "special" groups. | |
| Get rid of the walnut trees. | |
| Glad you were open "off-season". | |
| Great experience. | |
| Great park staff. | |
| Great park. | |
| Had to make reservations because the store is only open 10-12 and phone is busy. Need to be able to do it on the internet. | |
| Have people on call after hours who can assist with problems that arise with concessions staff. We like not having to purchase a state park sticker to enter Mo parks. Add hammocks to cabins, put a phone near each cluster of cabins for emergencies. Thank you for asking our opinions. I am always happy to offer suggestions on how to improve for the next people coming through. | |
| Help access the rier like it was 30 years ago. | |
| I'm afraid state parks no longer cares about preserving our wild area and natural areas. | |
| I am very pleased and want to thank you for making this a nice get away. | |

| Make gate code more accessible to campers. | 1 |
| Make the bend around dumpstation wider to allow bypassing fellow campers dumping. | 1 |
| More elecric/water/sewer sites and more control of speeding traffic. | 1 |
| More full hookup and consistent upkeep of lawn areas. Courteous staff and frequent appearance, do away with campground host if they don't contribute to park; use Cuivre River State Park as your example. | 1 |
| More full service hookups that aren't on top of each other. Some side by side spots would be nice. | 1 |
| More restrooms at each campground loop. More signs please. | 1 |
| More speed limit signs. | 1 |
| More trails and development and park personnel on the other side of river, | 1 |

| No, you guys are doing a wonderful job. Keep up the good work. | 1 |
| Open more caves. | 1 |
| Outhouse too smelly. | 1 |
| Park nature programs are excellent. Vault toilets very smelly, long walk to flush toilets. | 1 |
| Perhaps additional water/electric sites at Meraec would be helpful, swimming pool would be nice. | 1 |
| Please don't make any more of the water, electric & sewer sites reservable. We truly enjoy the first come first serve basis. Plus add more water and sewer sites. | 1 |
| Please put a baby swing in the camping area. | 1 |
| Put electric sites on the water for camping with RV's. | 1 |
| RV pads could be smother/level to where water did not sit onthem - table pads could be level with driveway pads - I hate the walnut trees. | 1 |
| Safety is job #1. Like high visibility of security personnel. | 1 |
| Should be allowed at least 2 tents plus an RV. | 1 |
| Soap in the bathrooms, hosts are wonderful. | 1 |
| Some parks stick the tent campers in the least desirable spots - ie next to the sewage stations. Meramec tents sites are not too bad in this regard - but are furthest from facilities. | 1 |
| Thank you for your hard work and for providing places for people to enjoy. | 1 |
| The handicap sites could be closer to bathr house and make it easier to hook up to electric. | 1 |
| The river needs emergency stops for canoe trips - places to get out if someone has been injured or needs assistance. | 1 |

| There was a very obnoxious crowd next to us camping. They were intimidating, using profanity and playing very loud "Rap" music until 3 A.M. My husband finally drove to look for a park ranger at 12 am and went to hostess 2 camper to report them but was told he needed to go to hostess 1 but no one was there. We never saw any authority at the campground after about 6 or 7 pm. We got no sleep until 3 am. | 1 |

| This is a great place to camp. | 1 |
| Very nice park. | 1 |
| Warmer bathrooms in cooler weather, leave Fisher Cave open during peak | 1 |
| season. | |
| We are lucky to live so close to Meramec State Park to take advantage of it. | 1 |
| We enjoy our visits and thanks for the discount for seniors. We had an excellent experience on our first trip at Meramec State Park. | 1 |
| We love many things about the park - we would like to see the cabins | • |
| improve and we have serious concerns about safety. | 1 |
| We need RV group sites for good Sam and other camping clubs. | 1 |
| We would like the showerhouses to be cleaned at a time other than when everyone is waking up. This seems to be a problem everytime. Also, I do not think gates should be locked unless campers know how to get out, at Robertsville, we get a code, that was a big issue for us at Onondaga this spring. | 1 |
| | 176 |
| Add full service hookups (sewer). | 1 |
| Add water at each site, and some full hookups - there are lots of tent suites that often seem under utilized; add hookups so those accommodate RV's. Also, the old school would be agreat place to display information about the history of this area. I once bought a booklet that had lots of stories and photos of this area which would make an interesting display. | 1 |
| Add water at each site, only one reservation fee when reserving more than one site. | 1 |

| Bigger fish. | 1 |

| bring back the riding stables and have clean restrooms | 1 |
| Campsites with sewer and water; fish catching area for children only stocked where fish easily caught; another fish cleaning station; fish cleaning service for a fee. | 1 |
| Charge an out-of-state entrance fee as done in most other states; free or discunt on pool fees for those camping in park. | 1 |
| clean bathrooms are a most for our family | 1 |
| cleaner restrooms, bring back the stables, better food at the restaurant | 1 |

| | do not like reservation system! We have camped here for 40 years. We don't always know when we can come here sometimes spur of the moment. We use to come down in middle of the week and stay thru weekend. Hard to do that now. Also a lot of out of state people come here, and reserve sites and in state people like us can't use the park, if we haven't reserved ahead of time. | 1 |
| | don't advertise too much | 1 |

| _ | I would enjoy water and sewer hookups and would not mind paying extra for them. | 1 |
| _ | If you are going to have rules, enforce them, if you aren't going to enforce them don't have them because they're worthless to law abiders. | 1 |

| my biggest concern is with reservations, we camp a lot and prefer an electric site. We do not like to make reservations, and expecially when you have to pay extra to do it. | Always add more trails - increase the land holdings around the parks to further isolate and protect them. Never allow activities that would compromise or damage the park in any way. Generally speaking, there need to be more road signs advertising nearby parks, particularly on the interstates. During the summer a lot of people plan trips where they allow time to stop at places they see along the way. Route 66 state park would get a lot of visitors this way if there were more signs for it along I-44. Graham Cave State Park needs "lots" of work in the campground. Spaces are to tight, and I scraped my trailer on the dumpster pulling away from the dumpsite. That really ticked me off, it was not a foot over on the pavement. Great idea for Times Beach. Great park, keep 66 alive. Great place, awesome history, friendly and helpful staff. Great. How about a small eating/dining establishment. I'd like to see more unpaved trails. I am very diappointed with #29 use of Indian instead of Native American & use of white is really not right. | | | 1 |
| Do not add too many facilitis. We like a natural place, not a city park. Don't hae time to comment - being rushed by the driver. During seasonal wather a hot/cold sandwich shop and/or icecream, snow cones made available to the public. Eliminate cinder ont rails; otherwise, awesome visit. Everything was wonderful, thank you. | One more sign closer to the intersection of access road and road to park | |

| Only that a camp ground is very much needed in the park. | |
| Open emergency road south of 44 when back up on highway. | |
| Open south outer road for all of Eurekans. It's well overdue. | |
| Passport - makes 1 year again, it was more fun. We participated for 2 years. | |
| | |
| Per above - we'd love to see an equestrian venue for jumpers. | |
| Possibly some programs in sign language for deaf & hard of hearing individuals. Thank you for the opportunity for feedback. | |
| Preserve any historical items you can. | |

| Provide camping | |
| Provide more maintained river access areas for fishing the Meramac. | |
| Resurfacing of the multi use trail would be nice. | |
| River access, restrooms, horse dumping baggie, pick up what they leave | |
| don't leave for hikers to see, smell, or step in otherwise, great park. Roads are great. | |
| Saw 2 deer near the train tracks, walked down to the river - very enjoyable | |

| Sewer pipe leaking into the river on the back trail at the bottom of the hill. | |
| Could see it all along the river bank and floating down stream. In Meramac | |
| right up stream from the bridge. | |
| Small restaurant in tourist center. | |
| Soda machines and playground. Some need more work on handicapped facilities. Rt. 66 does an excellent | |
| job, though. | |
| | |
| Spray for mosquitos and ticks. Trash barrells at parking area. | |
| Thank you for preserving such a significant landmark to St. Louis. | |
| Thank you. | |
| Thanks for all the work done in the parks. They are the best! | |
| The park maps are nicely done but need to have mileage of the trails | |

| Nice and friendly staff. Because of your staff we will be back. | |

| Very nice, the ladies in the center were so nice and helpful. Very nice. | |
| Very nicely done. We're doing Route 66 and this Route 66 park was (and is) | |
| a part of the past And that's how we got to the present. | |
| Very satisfied with everything in the park. Very satisfied. | |
| | |
| We are state and national park fans and we enjoy the different assets of those we've been fortunate to visit. Thanks for this and for making the parks such a treasured resource. | |
| We come often mainly to walk and view the wild life, we think it is a great place. | |
| We love the trails, however we come after work many times and do not have enough time to walk them the way they are before it gets dark, more short cuts back to the road would be nice (rather than turning around and | |
| retracing your steps). We only stayed for a very short time to see it, but hope to come back later | |
| for a day or so. What a find! We haven't been out this way in quite some time, what a | |
| delightful exhibit. | |
| When parks are full 4 camping let people stay in the picnic area when it is | |
| late and no place around to camp, especially the elderly. Wonderful park love visiting here. | |
| Your facility is immaculate and the employees are very helpful & friendly, | |
| they might put some tables and umbrellas and food out front to attract more people. | |
| | 7 |
| 1st come 1st served - "No" Reservations. You should not have to pay extra | |
| to spend time in your own state park. Dennis & Joyce Engle. 28 yrs great improvement to park. | |
| Allow the electric campsites to be used at the tent campsite rates if not in | |
| use or provide more and flatten tent campsites. | |
| Before the reservation system you could plan on coming out a day or two before a holiday and getting your spots. Now people reserve six months in advance and 1/2 don't show up. Leaving you looking for somewhere else to camp. | |
| Can see on-going improvements reguarly, great park! | |
| Change the direction of the one-way road around the lake, make it easier to get to the boathouse. | |
| Cut down the dead trees, more view points up high so you can see thewater easier and better | |
| Displeased with the new road system they have. | |
| Don't like your one way drive. | |
| Great job. | |
| Great park! | |
| Having the cabins open all year might encourage more people to stay off- season or come visit. One campground left open for winter campers might help too. | |

1000 Hills

| I'm not sure why you removed most of the trees at Lakeside shelters, but I don't like it. It took away some of the character & shade too. I have also heard many people say the one lane around was so-so. | 1 |

| I think it is excellent. Very nice place to come to get away. Keep up the great work. | 1 |
| Improve dump station - make level so tanks will drain properly and better spillage control, more potable water throughout campground & picnic areas. Overall, Mo State parks are very nice compared to many states and 1000 Hills is one of our favorites. | 1 |
| Just keep maintaining the playground equipment. | 1 |
| Just keep up the great job you are already doing. Lived in Macon for years and visited Long Branch Lake all the time, enjoyed it also, Thanks. | 1 |
| Keep up the "Good" Work. | 1 |
| Love it! | 1 |
| Make dump station at 1000 Hills level so black tank will drain properly. Also, please add more water faucets throughout the campground and the picnic areas. | 1 |
| May expand parking for boat trailer parking area. I know people enjoy the fishing tournaments. | 1 |
| More 50 amp sites; discounted weekday nights; fire rings & table besides campsites, not behind. | 1 |
| More electric sites | 1 |

| See #11 | 1 |
| Sure would like water at each camp site. | 1 |
| The only two big problems I have is there isn't enough playground areas and you need at least one more swimming beach area. The park has always fit my needs well and offers a nice, relaxing get away | 1 |
| from the hectic bustle of school. Keep up what's been done. | 1 |
| This may be available I don't know of itan explanation of the petroglyphs & maybe a keychain, mug or such. My only "complaint" is that the water is not as clean as I remember it from the 1950's & 1960's. Used to be able to lie on a dock and see fish & life on the bottom. | 1 |
| Thousand Hills is the ideal place to enjoy the serenity and natural beauty of nature! | 1 |
| Tom Parker | 1 |
| Very comfortable place We love it here and camp here often. It is nearly the nicest campground we | 1 |
| have used. Need to finish the other campground like #1 and even add more elec/H&D-sewer spots. If extending our visit, have to breakdown to empty and refill. NOT FUN!! | 1 |
| We questioned why they tore down the trees and put big rocks back in then place along side the lake? | 1 |
| Yes, do away with 50% percent reservation and go back to first come first served. | 1 |
| Yes, to provide places to put our trash closer or in camping areas. | 1 |

| | You're doing a good job! | 1 |
