3. Promote a safe, fun, and quality park experience
 - Greet campground visitors
 - Inform visitors about the park and park system, answer questions and hand out information as requested
 - Make staff aware of problems, ideas for improvement, and complaints
 - Camp hosts shall be model campers supporting all rules and regulations and setting a good example.

Long Branch State Park is sort of a secret of north Missouri. It provides excellent recreational opportunities since it is located on a wonderful lake while not being as far away and often, not as busy as the lakes in southern Missouri. The majority of the park's guests tend to be families from surrounding communities. If campground hosts have particular skills or interests that support the state park mission, we will try to foster their abilities. Please contact us if you have any questions.
