Iliniwek Village State Historic Site Accessibility Information

The symbol  indicates that the specified area is fully compliant with Americans with Disabilities Act Accessibility Guidelines (ADAAG).

Parking, Picnic and Trail Areas

A level, gravel parking lot provides one paved parking space with an adjacent path to the information kiosk. The sunny picnic area has one site with a paved pathway, extended-end table and pedestal grill. The pathway also leads to an accessible vault toilet.

Shady benches are available under the kiosk. From this point, the trail is hard-packed gravel fines with minimal slopes and benches for resting.
