

## Wallace State Park Accessibility Information

The symbol  indicates that the specified area is fully compliant with Americans with Disabilities Act Accessibility Guidelines (ADAAG).

### **Entrance Information Kiosk**

A paved kiosk provides a map and information on Missouri's state parks.

### **Park Office**

Located just to your left inside the park entrance, the office has a signed parking space near the entrance door. There is plenty of room inside, where you can obtain park information and rent picnic shelters. A brochure box is located outside for provides a signed parking space, paved pathway, water fountain, extended-end table and a group grill shaded by large oak trees.

A second picnic site is found past the enclosed shelter and provides a signed parking space, paved path, water hydrant, extended-end table and a pedestal grill. Nearby is an accessible vault toilet.

### **Enclosed Picnic Shelter**

This shelter provides one level parking space directly opposite the paved patio area; which has shady seating, a group grill and a water fountain. Inside is a large room with a stove, sink, electrical outlets and seating for 80 people. An accessible vault toilet is located off the parking lot and provides a signed parking space and paved pathway.

### **Open Shelter**

This shelter has not been modified. Paved parking has a 4.3 percent slope with a 3.5 percent cross slope. A gravel path leads to the shelter, which provides a group grill and a fireplace. Seating is provided for 88 people. The nearby vault toilet has a rough asphalt path with a 7 percent slope.

### **Lake Allaman Area**

At this time, no modifications have been made for fishing.

### **Campground**

**Loop 1** provides two accessible basic sites tucked in among the trees. The tent areas are natural turf. Both sites provide an extended-end table, pedestal grill, fire ring and lantern post. An accessible vault toilet is located in this loop with the showerhouse nearby.

**Loop 2** has a pull-through accessible electric site, which is partly sunny and has an extended-end table, pedestal grill and fire ring. It is located next to the amphitheater and playground.

**Loop 4** provides one accessible electric site with an extended-end table, pedestal grill and fire ring. The nearby vault toilet has a paved pathway, but six feet of the path is of an excessive slope. The entry pad provides four feet clearance in front of the doors. Many other sites are level and all loops provide accessible water hydrants.

## Wallace State Park Accessibility Information

The showerhouse has one signed parking space on a mostly level lot, which allows easy access to the entrance. Here you'll find side-transfer toilets, roll-in showers with grab bars, lowered coat hooks, accessible lavatories with lowered mirrors and electric hand dryers. An accessible information kiosk is located here.

The laundry has one set of top-operated machines with plenty of maneuvering room and a sorting shelf. Parking is on coarse gravel at this time.

The woodlot has its hours of operation posted. During open hours, assistance is available. A public telephone with volume control is located on the woodlot building, however access is over coarse gravel.

The amphitheater is located in Loop 2 and has a wood chip pathway with a slight slope. Wheelchair seating is available where the path enters the clearing. The playground, adjacent to the amphitheater entrance, has a paved path with a shady seating area. The base material, at this time, is sand.

The dumpstation is located behind the showerhouse and is considered barrier-free. A fresh water hydrant is available.

### **Special-Use Area**

This area provides three, mostly level sites with one-inch gravel parking and pathway, tables, lantern posts and fire rings. The vault toilets have not been modified.

### **Trails**

Trails are across rough terrain and are not accessible.
